Upholds Board In Rates Case

Supreme Court Judge Says Transport Panel Has Right to Hear Rail Plea

OTTAWA, Feb. 15 (CP).—Its jurisdiction upheld, the Board of Transport Commissioners was free tonight to proceed with its examination of an application by the railways of Canada for authority to apply a flat 30 per cent increase to their freight rates.

Mr. Justice Patrick Kerwin of the Supreme Court of Canada listened to three hours of argument Saturday and promptly ruled that the board had power to hear the application.

His decision simultaneously rejected arguments of seven provinces —all but Ontario and Quebec—that they should be allowed to appeal to the full court and lifted the hearing itself over its first major legal obstacle.

The challenge to the board's jurisdiction arose in the first days of a hearing which is expected to take months and which involves an increase which would, if granted, jump annual revenues of the country's two major railroads by some $85,000,000. The hearing will resume Monday.

Mr. Justice Kerwin, in his ruling, said he "entertained no doubt" as to the powers of the board to conduct the hearing. The petitioning provinces had produced no arguable objections.

He was satisfied that Section 33 of the Railway Act alone, setting out the broad powers of the board on what can be sanctioned and what is required to be done, was sufficient. But when it was coupled with Section 325, setting out the law on its powers over rates, this was made even more clear.

Power Cuts To Continue

LONDON, Feb. 15 (AP). — Britain faced an indefinite continuance of the power blackout today.

Manufacturers in the Manchester area said the industrial paralysis there would last at least a second week despite a Government announcement of "real and steady progress" in the six-day battle to move storm-bound coal supplies.

An army of workers, preparing to work overtime Sunday, toiled into the night unloading coal ships and trains racing supplies from Welsh and northeastern pit heads. However, Sir Guy Nottbower, Undersecretary of Fuel, said, "Stocks have only just begun to move upwards and still stand well below the safety level."

Despite his report of progress in the battle, Sir Guy refused to estimate when the crisis would end, and said some form of restrictions on electricity use would stay for many months and perhaps years.

Tiny Radio Talks Mile, Fits Into Lipstick Tube

COLUMBUS, O., Feb. 15 (AP).—Licence-free radio frequencies soon will be made available to the public, opening the door for personal vest-pocket broadcasting stations, a Bureau of Standards engineer disclosed today.

The Federal Communications Commission will open frequencies around 640 megacycles, declared Dr. Cledo Brunetti, inventor of the world's smallest radio station.

This, he said, will enable persons to use his minute broadcasting unit and his receiving set mounted on a calling card for maintaining two-way communication up to a mile.

Dr. Brunetti, chief of the ordnance research section of the Bureau of Standards, gave the first public demonstration of three of his tiny gadgets, which grew out of a printed wire process in the wartime proximity fuse, at a meeting of the Columbus branch of the Institute of Radio Engineers.

Brunetti's stations appeared unbelievably small—as though they just came out of a gnat's network.

The first, complete with tube and circuit, fits into an empty lipstick container. The second, because its wires and tube were separate, was slightly larger. The third—giant of the trio—was mounted on a porcelain disc the size of a half dollar.

The broadcasts were distinctly audible to the scores of radio engineers seated in an Ohio State University auditorium.

Complement of these painted pigmy sets will be the calling card receiver, a conventional set painted on a card two by three inches. The receiver will make its debut March 5 in New York at a convention of the Institute of Radio Engineers.

"We've already tested the receiver on a card two by five inches," Dr. Brunetti said. "All we'll do is cut off two inches of the card."

Minus Beret

"Uncle Joe" Stalin did all right by Montgomery when the British field marshal and chief of the Imperial General Staff made his recent visit to Moscow. This black caracul cap and sable and caracul coat makes Monty look considerably different than the hard-bitten soldier in sweater and beret as known to thousands of fighting men—but he's wearing it to show his appreciation. It was a gift from the Russian leader.

Hoover Starts Probe in Rome

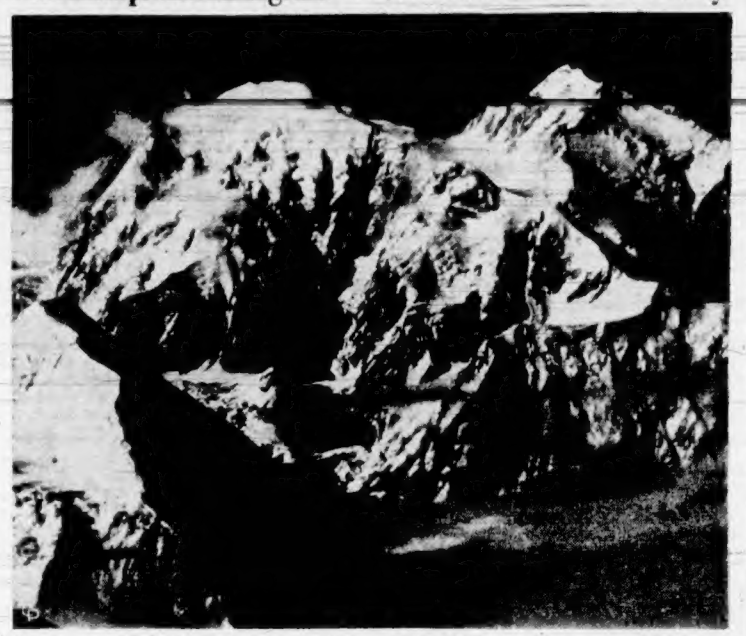

ROME, Feb. 15 (AP).—Herbert Hoover, visiting Rome for a brief survey of Italian food needs and supplies as a part of a European investigation undertaken for President Truman, began his consultations today in a 50-minute interview with Pope Pius XII.

It has been reported that Hoover, who had not originally scheduled Italy on his itinerary, came here as the result of a Papal request. He has declined to make any statement since his arrival from Vienna yesterday.

Fifth Expedition Against 20,300-Foot Mount McKinley

AN air-supported expedition under veteran mountain climber Bradford Washburn (right) will soon set out to scale North America's highest peak, the ill-tempered Alaskan giant, Mount McKinley. Ten men and one woman—Mrs. Washburn—will make up the party which will seek scientific data in the stormy atmosphere which swirls around the summit of the ice-crowned monster, 20,300 feet in the clouds. Called "Operation White Tower," the expedition will be supported from the air, supplies being dropped by parachute, by direct drop, or by planes landing on snow. Mr. Washburn is now director of the New England Museum of Natural History with headquarters in Boston. At top is a picture of Mount McKinley, soon to be visited by the fifth expedition to venture onto its slopes.

Britain Awards B.C. Big Order

VANCOUVER, Feb. 15 (CP).—A British timber mission, headed by Sir Archibald Harris, announced here today that it had completed negotiations with lumber exporting interests in British Columbia for the purchase of approximately $25,000,000 worth of British Columbia lumber by June, 1948.

A statement issued by the mission said that Britain has agreed to accept practically all grades arising from the manufacture of logs of all species from the British Columbia Coast.

The statement said further that the purchases will not affect the supply of building material available for use in Canada, but that it may result in considerable reduction in the volume for export to other countries. A spokesman for the mission said the domestic quota will remain at 35 per cent of production.

Two Children Burn in Home

VERNON, Feb. 15 (CP).—The two sons of Mr. and Mrs. Phillip Cole were burned to death tonight when fire destroyed their garage home here.

The victims were five-year-old Phillip Cole, and his six-year-old brother, Douglas.

Police reported that a 10-year-old boy left in charge of the children while Mr. Cole was at work, and Mrs. Cole absent, had gone to a hockey game, leaving the two alone.

Bees Disperse Indian Crowd

LAHORE, India, Feb. 15 (AP). — A crowd of Moslem League members staged a demonstration in Amritsar, near here.

Police fired into the air and hit a beehive, releasing a swarm of bees. The crowd melted quickly.

Mainland Police Seize Arms Cache

VANCOUVER, Feb. 15 (CP).—In two lightning raids late today, police seized a quantity of stolen firearms in a garage on the Kingsway Highway.

"We believe we have uncovered a source of supply of guns for the underworld," said Staff Sgt. Alex MacDonald in reporting the raids.

Police, however, refused to give details, but it was understood the arms had been stolen from the New Westminster Armoury January 7 when 14 guns valued at $2,500 were taken.

The raiding officers included police from Burnaby, New Westminster and Vancouver.

Britain's Fuel Crisis Leads Country To Believe Socialism Not Perfect

LONDON, Feb. 15 (CP).—The fuel crisis has stripped politics of guile and gingerbread for the Labor Government and its supporters.

Thus far, support of Prime Minister Attlee's administration has been faithful even when the surface of party harmony was ruffled by critics of Foreign Secretary Bevin's foreign policy. The critics, however, were careful not to carry their protests too far.

But the fuel crisis presents a different situation. Every Labor member agrees that, in dealing with the crisis which has left the United Kingdom cold, troubled and frustrated, the administration has given the impression that Socialist planning is hardly something to boast about as yet.

Some sections of the labor movement appear to think that the Government's timing could have been improved even if plans failed. For instance, it is argued that there might have been some specific warning of danger before Fuel Minister Shinwell suddenly announced in the House of Commons speech ten days ago that there would be electricity cut-offs for industry and severe reductions for householders throughout the chief English industrial area.

Repetition of this would, some political observers believe, seriously weaken the Government, which has been secure in having nearly 400 of the 640 members in the House.

Meanwhile, explanations ring out. Friends of the Government say that if Herbert Morrison, Labor leader in the House, had been on hand instead of sick in hospital, timing would have been better all around and the Government's face would have been saved.

All the other top men of the Government already had public sympathy for the perpetual condition of overwork in which they exist. Bevin, Hugh Dalton at the Exchequer, Labor Minister Isaacs and Sir Stafford Cripps, President of the Board of Trade, all are grappling with monumental problems of the Board of Trade.

Shinwell, who has primary responsibility for coal, speaks as if his Government colleagues supported him in all his acts.

Morrison's illness has revived talk of the old situation in the Labor Party, where the strong men, Bevin and Morrison, were reputed to have canceled each other out and made Attlee Prime Minister.

Since then Attlee has made his own reputation and is strong in his own right. But, if Morrison or Bevin dropped out of high office, Dalton might emerge as the likeliest to succeed Attlee.

Oakalla Prison Near Capacity

VANCOUVER, Feb. 15 (CP).—Accommodations at Oakalla Prison, in Burnaby Municipality, are reported to be taxed due to recent police drives and an increased number of jail commitals.

The brick walls of the institution, which has a total capacity of 626 men, are now holding 591 inmates, but Warden J. H. Millman said today the situation at the prison is not alarming.

He said there is a constant transient group of some 60 men awaiting appeal or trial which may send them to the penitentiary at New Westminster, B.C., and a hospital population of about 40 at present.

The population at Oakalla has increased by 80 since the first of the year.

One floor of one wing is occupied by 36 boys who would be absorbed into a Borstal System school, should such a system again be put into effect.

Big Job Force Goal for 1950

WASHINGTON, Feb. 15 (AP).—A work force of 62,500,000 in 1950, capable of producing 90 per cent more goods than before the war, was forecast tonight by the Monthly Labor Review published by the Bureau of Labor Statistics.

The figure is far in excess of the goal of 50,000,000 jobs set by former Vice-President Henry A. Wallace, and 7,000,000 more than recorded in the census of 1940.

If the predictions are correct, the Review thinks that, compared to 1946:

1. Wages could be boosted.
2. The investor could obtain a greater return on his money.
3. Prices could be slashed.
4. Taxes could be reduced, but the Treasury would be richer.

Maintenance even of the present high levels of employment will require production in many industries well in excess of any previous peaks, the Review said in articles to appear in the February and March issues, entitled "Full Employment Pattern, 1950."

Long run growth was considered likely both in the size of the labor force and in output per man per hour. The latter would accompany the continuing increase in technical knowledge and application of that know-how to the jobs.

Seeks Canadian Ships for Alaska

KETCHIKAN, Alaska, Feb. 15 (AP). —The Chamber of Commerce here today asked President Truman to suspend the Jones Act and permit Canadian vessels to serve Alaska.

Its request, forwarded through Governor E. Gruening at Juneau and Territorial Delegate E. L. Bartlett at Washington, said no passenger vessels are posted to sail from Seattle to Alaska the remainder of this month.

Vancouver Man Robbed of $750

VANCOUVER, Feb. 15 (CP).—Police are searching for two men who robbed H. Cramer of $750 early tonight. Mr. Cramer had just been driven home from his store and was walking from the lane to the rear of his home when the men stepped from the shadows and said, "Hand over that dough." Neither man carried guns, but were wearing handkerchiefs over their faces.

13,000 Miners May Quit As Pay Talks Fruitless

Maritime Coal Workers' Conference With Companies at Ottawa Fails

OTTAWA, Feb. 15 (CP).—An 11th hour conference to avert a strike in the Maritime coal fields failed tonight when negotiations, participated in by Government representatives, union and company officials, were broken off.

News of the breakdown of the Ottawa conference called to halt a walkout of 13,000 miners was received in Glace Bay as all collieries remained idle in accordance with the regular week-end practice.

It was presumed that members of the United Mine Workers (C.C.L.) with their contract expiring at midnight tonight would not show up for work in the pits Monday, the next regular working day.

The miners walked out two weeks ago, but after less than 48 hours off the job, they returned. A truce has been signed. But that truce runs out tonight.

During the truce period, the Government conciliator—Mr. Justice J. F. Carroll—drew up a report recommending that the miners' demands of $1.40 a day increase be granted. But Mr. Justice Carroll recommended that 40 per cent of the increase be covered by Government subsidies and the rest be dependent on increased production in the mines.

The Federal Government objected to one clause and the miners to the other. The Government proposal based on the Carroll recommendation suggested that 40 per cent of the increase be covered by price increase in coal instead of by subsidy, and it left the clause making the rest of the increase dependent on increased production.

It was on that point that the negotiations broke off. The miners claim that the principle making increases dependent on production is equivalent to an incentive bonus system, to which the union is opposed.

There have been predictions that a strike would tie up industry and public utilities in the Maritimes. Householders started getting in extra supplies of coal shortly after the new year, just in case the strike materialized. But long before it was sure that there would be a strike, Maritime coal dealers were finding that their stocks were dwindling in the pre-strike run on coal.

Tonight it is almost certain that the strike will start.

Hand of 13 Hearts Dealt in Bridge

A PERFECT bridge hand of 13 hearts was dealt last night to Kenneth G. Davies, who was playing bridge with his parents, Mr. and Mrs. H. H. Davies, 1327 Clover Street.

His partner was his grandmother, Mrs. G. Hind.

Chance of being dealt 13 cards of any suit, computed recently when another Victorian received a perfect hand, is one in 158,753,389,900.

Air Liner Hits Peak

BOGOTA, Colombia, Feb. 15 (AP).—A big plane believed to be a missing airliner with 50 persons aboard was reported tonight to have crashed into a mountain peak and exploded with what might prove to be the history of commercial aviation.

Two crew members on the lost plane and possibly four or more passengers were presumed to be United States citizens. The fate of the occupants of the wrecked craft was not known tonight. A death toll of 50 would top the 42 that died aboard a Chinese airliner last month.

The scene of the reported crash was cloudy, 8,700-foot Tablazo peak 30 miles northwest of Bogota and ten miles from the nearest inhabited place. Peasants of the vicinity said they saw a big plane, flying low, ram into the peak and explode.

Avianca Air Lines at the same time reported one of its four-engine DC-4 transports, en route here from Barranquilla about 500 miles north, was eight hours overdue at Bogota.

Disillusionment Cost Comes High

DETROIT, Feb. 15 (AP).—Miss Rose Bohr summed up the cost of disillusionment today—one engagement ring, one wedding ring and a shotgun—as her boy friend, Jesse Griswold, pleaded guilty to charges of breaking and entering.

Griswold invited her out to a tavern on the night of February 8, she told police. During the course of the evening, he excused himself and was gone half an hour, then returned to buy another round of drinks.

Miss Bohr complained she returned home to find her apartment ransacked, the shotgun and two rings missing. Griswold was arrested and held in default of bond.

During his brief absence from the tavern, police said, Griswold pawned one ring, sold the shotgun to a neighborhood bartender for $10, returned, and bought the second round of drinks with his proceeds.

Army Men Being Held For Murder

TOKIO, Feb. 16 (Sunday) (AP). —The United States Fifth Air Force announced today that five United States soldiers were charged with murder after five Japanese were killed and possibly 20 others were injured when soldiers ran amok and shot up the town of Hachioji, west of Tokio.

The announcement said the five soldiers, from the Tachikawa army air base near Tokio, were apprehended after a ten-day search.

The United States Eighth Army was investigating a report that the shootings were perpetrated by drunken American soldiers.

Charges of murder against the five were referred to a general court-martial.

Moscow Frames Protest Over Acheson's Remark

LONDON, Feb. 15 (AP).—The Moscow radio reported tonight that Soviet Foreign Minister V. M. Molotov had protested to the United States Embassy in Moscow against the "hostile" attitude shown by Undersecretary of State Dean Acheson before a recent Senate hearing.

The report said the protest involved Acheson's remark on February 10 during a Senate hearing on the appointment of David Lilienthal as chairman of the United States Atomic Energy Commission.

In reply to a question from Senator McKellar (Dem., Tenn.), the radio said, Acheson stated, "Russia's foreign policy is aggressive and expansionist."

"On February 14," said the Moscow broadcast, "the Minister of Foreign Affairs of the U.S.S.R., V. M. Molotov, dispatched a note to the Ambassador of the United States in Moscow, Gen. Bedell Smith, stating that the Soviet Government draws the attention of the United States Government to the inadmissible behavior of Mr. Acheson, who—despite his official position—allowed himself to make at the Senate a declaration which was a gross slander and hostile to the Soviet Union.

WASHINGTON, Feb. 15 (AP). — A Russian protest over testimony by Undersecretary of State Dean Acheson that Russian policy is "aggressive and expanding" brought swift support for Acheson tonight from three members of the Senate atomic energy committee before which Acheson spoke.

Chairman Hickenlooper (Rep., Iowa) told a reporter Acheson had only put into words "what is apparent to any impartial observer of Russia's actions and program."

Senator Edwin C. Johnson (Dem., Colo.) expressed belief that Russians "are putting the wrong inference on what he said."

Chiang Blames Arms Embargo

NANKING, Feb. 15 (AP).—The United States decision to withhold further armaments and credits from the Chinese Government is blamed by Generalissimo Chiang Kai-Shek for prolonging the civil war, which he is determined to end by smashing the Chinese Communist armies, sources closest to the Chinese leader declared today.

As supporting evidence of these sources' assertion that Chiang is fully convinced force is the only means of settling the Communist problem were these developments:

His armies today were fighting their way inside the Communist stronghold of Lini in Southern Shantung Province, and Chiang sternly declined to accept delivery of a communication from Communist political leaders.

Confidents said Chiang reasoned that the Communist problem could have been settled quicker if the United States had continued supplying him with guns and ammunition.

Warrior Open to Public Today Before Starting Long Voyage

Victorians will be able to visit the 18,000-ton aircraft carrier H.M.C.S. Warrior this afternoon at H.M.C. Dockyard between 2 and 5 o'clock, it was announced by naval officials yesterday.

Gates at the Dockyard will be open at 1:30 p.m., and naval guides will be on hand to show visitors to the main jetty where the Warrior will be berthed.

Although the hangar deck will be "out of bounds" to visitors wishing to inspect the carrier, they will have an opportunity to view Firefly fighter planes being serviced for the forthcoming training cruise. The carrier will leave Esquimalt Tuesday for Halifax, via the Panama Canal. She will be accompanied by the cruiser Uganda and the destroyer Crescent.

Today may be the last chance Victorians will have to see the Warrior.

The aircraft carrier Magnificent, now nearing completion in British yards, will be used as the Royal Canadian Navy's "operational flat-top" replacing the Warrior, which will be placed on reserve, Defence Minister Claxton said in an interview yesterday. The Canadian Press reported.

It is expected the Magnificent will be completed some time next Summer. Both ships are being loaned to the R.C.N. by the Royal Navy.

It is expected the Warrior's officers and men will be transferred to H.M.C.S. Magnificent and will bring that ship to Canada's East Coast.

The Warrior is under the command of Commodore H. G. DeWolfe, C.B.E., D.S.O., D.S.C., R.C.N., who succeeded Acting Commodore P. L. Houghton early this year.

Childless American Couples Plan to Adopt German Waifs

FRANKFURT, Feb. 15 (CP).—The cold, hungry waifs of Germany have found a warm place in the hearts of childless American couples—and the U.S. Army is clearing the way for their adoption.

Scores of Americans, the army disclosed, want to give a home to German youngsters orphaned by the war. Other United States military personnel have volunteered to adopt the confirmed illegitimate sons of America's more irresponsible soldiers.

"Hans was so miserable and ragged when he came up and asked me for something to eat," said a tall sergeant with a wife and two kids back home in Texas.

The sergeant has to wait awhile, but new regulations already are in the mill.

Gen. Joseph T. McNarney, officials said, has given his tacit approval to the adoption of German children by military personnel as soon as a few complexities have been ironed out.

The hopeless misery and the dim future of many German children have sent Americans, from unmarried soldiers to War Department spinsters, to the Military Government seeking information.

Many have been prompted by sympathy. Others, mostly middle-aged American officers and their wives, have asked adopted permission out of a desire for children.

Many of these couples have waited for years in the United States to adopt children, and they realize it may be quicker and easier once it is permitted in Germany," said a Military Government official.

In Hesse, a middle-aged American spinster working for the War Department, said she was lonely and asked to adopt the two-year-old child of a German mother and a French soldier. The child was in an orphanage, put there when the German husband of the mother refused to keep the infant in his house on his return from a prisoner of war camp.

Soviet Paper Accuses U.S.

MOSCOW, Feb. 15 (CP).—The New Times accused the United States today of seeking to turn the Arctic Basin into a "Mare Nostrum," and said that American activity to the north "contradicts the interests of peace and security."

(Mare Nostrum means literally "our sea." The Latin expression was used by the Italians before the last war in reference to their claims for territory bordering the Mediterranean, which the Italians called "our sea.")

The article said that "reactionary ruling circles" in Canada were helping the United States expand to the north, and that the ultimate goal was to create an American "Dominion" in the Arctic.

Writer I. Yermashev said the United States hoped to obtain capitalistic control of the area, which he described as one of the richest in the Western Hemisphere and one in which *uranium might be found.*

He declared that the United States already had created a "semi-circle" in the Arctic, which controlled most of the important aerial and sea routes.

"The continuous flights of American planes in the district of the North Pole offer proof of the plans turning the Arctic basin into a Mare Nostrum," the article said. "American imperialism has gone beyond the state of preliminary investigation."

"Under the guise of 'joint defence' of the North American continent, the United States is turning Canada — especially the northern part—into its own military base," New Times continued.

"Trusteeship of the United States over Canada becomes more opportune. Activity of various American military organs continue on her territory. All this takes place with the aid of reactionary ruling circles in Canada . . ."

The article said American newspapers had carried many direct statements that American plans in the Arctic were not defensive, but aggressive.

Arctic Service Requires Men

The Royal Canadian Corps of Signals is now seeking recruits to become wireless operators or technicians to service its chain of wireless stations in the Canadian Arctic, known as the Northwest Territories and Yukon Radio System.

For more than 23 years the army has been engaged in commercial communications with this chain, which extends from Edmonton down the MacKenzie Valley, also to the Yellowknife gold area, Port Radium and the Yukon.

The World War necessitated the closing of a number of stations, and many operators went overseas. Now the corps is filling out its ranks again and signing men who are eager to accept the challenge of Canada's vast northland.

PLAN TEA

The Senior Monday Afternoon Branch of Christ Church Cathedral W.A. met recently when final plans were made for a tea to be held on Shrove Tuesday, February 18, from 3 to 5 p.m., at the home of Mrs. Claude Gardiner, 1180 Fairfield Road. Guests will be received by the hostess, assisted by Mrs. E. H. Bird, president. The general convener will be Mrs. R. Dwyer and tea will be poured by Mrs. M. MacKenzie and Mrs. G. H. Partridge.

Police Seek Armed Thugs

TORONTO, Feb. 15 (CP). — The "heat" was on in Toronto's underworld tonight as police searched known criminal haunts for a gang of thugs reported to be living off the profits of other lawbreakers, principally gamblers.

The underworld bobbed briefly to the surface early Saturday when 19 alleged gamblers in suburban New Toronto tremblingly asked raiding provincial police who they were. When told the intruders were provincial officers, several of the players were said to have exclaimed: "Thank God!"

Though suburban officials denied knowing anything of the robberies of gamblers—one report said the armed thugs had stolen more than $10,000 in the last few weeks—York Township police on Saturday opened a full-scale investigation, especially of a story that patrons of a dice game in Mount Dennis had been robbed of $3,000 on February 10.

The five ruthless thugs, said to be always masked and armed, smashed victims with gun butts at the slightest show of resistance. Two players were reported wounded in the face in the February 10 affair.

Of the 19 gamblers arrested Saturday, Jack Pomeroy was released on $200 bail on a charge of keeping a common gaming house and the 18 "found-ins" were freed on $15 bail each.

"When you smashed in the door we thought: 'This is it,' one of the men told police. "You don't know what a relief it is to find you are police."

Sergeant Fred Hardy of the New Toronto police, who accompanied provincial officers, said officers were a bit puzzled by the glad welcome.

"Then they complained that they had been discussing accounts of recent holdups on similar games and thought they were in for a beating," said the sergeant. "They seemed so relieved there wasn't the usual scramble to get away."

War Veterans Ask for Bonus

OLYMPIA, Wash., Feb. 15 (AP).—An estimated 800 war veterans seeking a state bonus massed in the Capitol rotunda today while their representatives met with the House Committee on Veterans' Affairs.

The veterans committee, headed by Harry T. Nordlund, Tacoma attorney, told the House group that the veterans in the rotunda—mostly members of the American veterans of the World War (Amvets)—wanted these things:

1. A state bonus.
2. Retention of the State Department of Veterans' Affairs.
3. Recogition of the Amvets on an equal basis with the older veterans' organizations in all veterans' legislation.

In the committee room Nordlund asked what are the Republicans going to do about it?

John Fletcher, of Tacoma, an assistant attorney-general, told the House Committee that a bonus could be paid from various luxury taxes: Diversion of $5,000,000 derived from the .10 per cent war tax on liquor, $730,000 from the State's 5 per cent tax on race track bets, or "perhaps" an increase of the cigarette tax from two to three cents a package to raise an estimated $500,000 a day.

Norman Hawkins, Sumner, a delegate from the Pierce County Veterans of Foreign Wars, said the veterans are seeking the bonus because "most of them are scraping bottom" and can not find jobs.

. . Oddities . .

COLUMBUS, O., Feb. 15.—Science has come to the rescue of amateur home gardens with a "slide rule" plan to take the uncertainty out of backyard planting operations.

Harry R. O'Brien, an amateur gardener of 25 years standing, comes up with an invention for gardening-at-a-glance. It's a paper board gadget on the slide rule principles which tells, in one simple operation, everything about any particular plant, bulb or vegetable. The paper has slots in which 144 plant names, on a printed card, appear with planting time, plant habits, yield, hardiness—in fact everything except when devouring rabbits will show up.

HALIFAX, England, Feb. 15 (Reuters).—An 18-year-old youth, Charles Victor Serberi, married a 24-year-old woman here. Nine weeks later he married a widow of 26 with three children—but he forgot to get a divorce.

The judge, who yesterday sentenced him to a house of correction for three years, told the young man he was "extraordinary" for having committed bigamy "before you have come to the age, so called, of discretion."

ALFRED, N.Y., Feb. 15 (AP).—Fellow students became paperhangers, painters and movers, and faculty members postponed examinations to smooth the wedding day path of two Alfred University students.

The students pitched in when Jo Ann Sherrick, of Medina, and her finance, Lawrence McCarthy, of Hornell, discovered one wall of their future home was unfinished just a few days before their wedding date.

The professors postponed the quarterly examinations McCarthy had been scheduled to take an hour after his wedding.

CARS DAMAGED

Two cars were damaged in a crash at the corner of Johnson and Mary Streets at 10:15 p.m. yesterday, city police reported.

A car going south on Mary Street, driven by Peter Townsend Hind, 2920 Pine Street, Vancouver, was in collision with a car driven west on Johnson Street extension by James Goodman, 806 Cook Street. Townsend's car was badly smashed police said, but no one was injured.

Backache Whipped by Man and Wife

If you suffer from Backache, Leg or Rheumatic pains, Nervousness, Swollen Ankles, Burning Passages, Bladder Weakness, or Getting Up Nights, due to Kidney and Bladder troubles, you may easily enjoy the delightful benefits experienced by thousands who have depended on Cystex for such troubles. The following letter from a well-known Massachusetts housewife is typical of those received from Cystex users all over the world: "I was so laid up with pains in my back, legs and arms that I was miserable. Finally I decided to try your Cystex. In a couple of weeks I was like a new person, the pains had left, and I could walk anywhere. My husband had pains in his arms, took Cystex and the pains left." To prove what Cystex may do to bring you joyful help from the pains and distress of Kidney and Bladder troubles, get Cystex from your druggist and give it a fair trial with the positive understanding that if you are not satisfied for any reason, you get your money back on return of empty package.

Italian Plane Falls Into Sea

ROME, Feb. 15 (AP). — An Italian Government transport plane crashed into the Tyrrhenian Sea today, killing all persons aboard, reported unofficially to be 16 in number, including an Egyptian princess.

A source close to the British embassy here said the Italian Air Ministry, owner of the three-engined Savola-Marchetti transport, notified the embassy that Princess Anina Fazil, about 50 years old and a cousin of King Faruk I of Egypt, was one of the passengers.

Unofficial sources said the plane, one of the three en route from Rome to Cairo to return members of an Italian opera company who had been performing in the Egyptian capital, carried a crew of six and ten passengers. The Italian news agency Ansa said, however, there were some unofficial reports that the plane carried 12 passengers.

The Air Ministry, although announcing that all aboard were killed, refused to divulge the number of dead or release a passenger list.

The plane plunged into the sea off Terracina, 76 miles southeast of Rome and just south of the Anzio beachhead where German and American troops fought during the war.

CANNERY PURCHASED

LILLOOET, Feb. 15 (CP).—The Lillooet Co-operative has purchased a tomato cannery here for $40,000. The board of directors for the co-operative includes J. Rickard, N. C. Jorgensen, F. Conway and two Japanese, S. Yazuura and A. Sakai.

KISS YOUR TIRED FEELING GOODBYE!

Pepless Many Suffer Low Blood Count—And Don't Know It.

The baffling thing about low blood count is that you can weigh about as much as you ever did—even look healthy and strong, yet—you can feel as if you had lead in your legs, dopey, tired and pepless.

Low blood count means you haven't got enough red blood corpuscles. It is their vital job to carry life-giving oxygen from your lungs throughout your body. And just as it takes oxygen to explode gasoline in your car and make the power to turn the wheels, so you must have plenty of oxygen to explode the energy in your body and give you going power.

Get Dr. Williams Pink Pills today. They are world-noted for the help they give in increasing the number and strength of red corpuscles. Then with your blood count up, you'll feel like bounding up the stairs as if you were floating on air. Ask your druggist for Dr. Williams Pink Pills today.

Postwar "Dream" Car Still Many Years Away

DETROIT, Feb. 15 (AP).—If you have been withholding your order for a new automobile in the expectation that the "real" postwar car is going to be the most radically redesigned vehicle in the motor car industry's history you may be in for a disappointment.

Shortly before and immediately following the end of the war predictions spread far and wide that every manufacturer would bring out postwar line. As the stories went a lot of things learned in wartime work would be applied to the design of the new automobiles.

Nearly two years have passed since the predictions first were heard and the "dream cars" still are as far from the assembly line as ever. The truth is that passenger automobiles to come will be the result of the same evolutionary processes that would have prevailed had there been no wartime interruption to production.

The car makers enhanced their manufacturing knowledge in war work; they learned a lot of production short cuts, but in so far as automobile construction was concerned they learned little in engine, transmission, carburetor and ignition design principles they did not know before the war.

They knew what was required to reduce the overall weight of an automobile engine without cutting down its horsepower; that an aviation engine could not be adapted to a conventional automobile. They developed automatic tansmissions before the war; they knew, as they do now, that it will be many years before the automobile engine is designed that can use 100 octane gasoline.

So there isn't a great deal that is new that will go into the basic design of the second or third postwar automobile. There may be larger engines in some of the middle and higher-priced cars; there will be wider seats and greater visibility for driver and passengers and there will be wider application of the automatic transmission and gear shift.

A new heating element designed to keep the engine warm even when idle for hours in sub-zero temperature, longer life batteries kept constantly at high specific gravity level and truly waterproof ignition systems also have been indicated.

Checks Reports Elevators Full

Reports that grain elevators in Vancouver are filled with tons of grain being held in freight cars because of insufficient storage capacity at the Mainland port, while Victoria's elevator stands empty, are being investigated by the city lands commissioner, Ald. R. A. C. Dewar said.

Rumors have come here that there are dozens of cars in Vancouver which cannot be unloaded because [illegible] to put the cargo, Ald. Dewar said. "If this is true then I would like to know why our elevator cannot be used," he added.

"We can't overlook any possibilities," he continued. "Our elevator formerly brought us $17,000 a year in rentals and now it is nothing but an expense."

He said Lands Commissioner M. Kirkpatrick-Crockett will make a thorough investigation of the situation in Vancouver.

In some quarters it is believed that railways are reluctant to use Victoria facilities because freight rates to this port are the same as to Vancouver, while it costs the railways more to bring wheat here.

The Victoria elevator was repaired immediately, Ald. Dewar said.

Victoria's Preview of Spring Revives Morale of Boosters

Spring was in the air yesterday in Victoria.

Maybe the vice-president in charge of sunny days, whoever and wherever he may be, got wind of George I. Warren's prayers for a change in the weather. Wet, cold and generally miserable days don't boost the morale of the man who heads the Victoria and Island Publicity Bureau.

With rain-tired citizens complaining, it was hard for officials of the bureau to add any enthusiasm to their motto about "following birds to Victoria," about Victoria being "a city of sunshine and flowers."

But the Winter weather ended yesterday—for a day at least.

Everyone was saying something about the warm sunshine—a preview of Victoria's Spring.

DAYLIGHT SAVING

Resumption of daylight saving time in Victoria is supported by the Uplands Golf Club, according to a letter from that organization to Mayor Percy E. George.

According to the communication it benefits tourists and helps members who are employed during the day to obtain healthful recreation.

LILIES IN BLOOM

Donald Royston, Brentwood, wondered, yesterday afternoon, if some mistake had been made in the calendar.

While visiting Senanus Island, near his home, he came across several lilies in full bloom, surrounded by other plants with buds ready to burst.

CONSERVATIVE CARNIVAL

A meeting of the committee in charge of the Progressive Conservative carnival to be staged at the Crystal Garden on February 27 will be held at the home of Mrs. R. H. Green, 516 Rupert Street, on Tuesday night.

Representatives of all organizations of the Progressive Conservative will attend to make final plans for the event.

Robert Green, president of the Young Progressive Conservative Association, is in charge of ticket sales. Tickets can also be obtained at Fletcher's, Ker Electric, Ald. D. D. McTavish's office and members of the association.

COMMITTEE TO REPORT

A rumor that the B.C. Agricultural Association would be dissolved was denied yesterday in a statement by E. M. Whyte, president of the association.

Mr. Whyte said a committee was appointed at the annual meeting of February 6 to bring in any proposed changes thought necessary to the constitution in view of the changes taking place in its status.

The committee will make its report to the adjourned annual meeting which will take place on March 6, Mr. Whyte continued. He said the decision on changes to be made will be up to the members after they have heard the committees' report.

Election of officers will take place at this meeting and plans made for future operations of the association.

OFFICERS ELECTED

Major W. Merston, M.C., D.C.M., was elected president of Victoria's Fighting 7th Battalion organization at the annual dinner meeting held Friday night at Terry's dining-room.

Detective-Inspector Henry Jarvis was elected vice-president, and Major J. McIlree, D.S.O., secretary. To the executive committee were named F. Dawson, D. Holmes and S. Holdridge.

PETITIONS CIRCULATED

A new campaign to obtain an all-day closing law in Victoria is under way.

Petitions supporting the move to close retail stores all day on Wednesdays are being circulated, and members of the special committee in charge of the campaign have said that the response is "extremely favorable."

Regarding the recent referendum held in the city when the measure was turned down, a spokesman for the campaign committee said as the shopping district of Victoria serves also the municipalities of Oak Bay, Saanich and Esquimalt the opinion of the residents in these areas should have been obtained.

Bazaar Planned At High School

To raise money for its activities, the Junior Red Cross Society will hold a bazaar and circus at Victoria High School, March 7 and 8, under the sponsorship of staff and students of the school.

Activities during the two days will include sales of clothing, home cooking, books and records, a show in the auditorium under the direction of the drama and music club and dancing and midway games.

R.C.A.F. Honors Victoria Officer

Killed during a bombing raid over Zeitz, Germany, in January, 1945, Flying Officer Douglas Bailey has been posthumously awarded the op-

F.O. D. J. BAILEY

erational wings of the R.C.A.F., according to word received by his parents, Mr. and Mrs. Thomas Bailey, 1978 Forrester Street. His parents received a letter with the award from Air Marshal Robert Leckie, chief of air staff, stating that the operational wings were "in recognition of the gallant services rendered by your son."

Born in Victoria, Flying Officer Bailey attended Victoria High School and Victoria College, and after being employed for a short time at the Victoria Machinery Depot enlisted in the R.C.A.F. in 1943.

He went overseas the following year at the completion of his training, and engaged in operational flying against the enemy. At the time of his death he was taking part in a 1,000-plane bombing raid, and is now buried with the rest of his bomber crew at Ohne, near Bentheim, Germany.

No New Barns At Willows Declares Reeve

Commenting on a report that S. W. Randall, president of the Colwood Park Association, intends to hold a racing meet at the Willows fair grounds this year and that new barns will be constructed as soon as permits are granted, Reeve Walter M. Walker said last night, "I can't see how Mr. Randall can build any new stables on that property.

"When we re-zoned that property for residential purposes we stopped any construction except that which would comply with regulations governing residential buildings. Certainly a stable would not come within that category," the reeve said.

"Mr. Randall will not receive any permits to construct such a building from the Oak Bay building department," he declared.

Regarding Mr. Randall's reported intention to hold a racing meet here this season, Reeve Walker said the policy of the municipality to allow only seven days racing at one time would be followed again this year.

Dr. K. O. Wright To Be Speaker

Dr. K. O. Wright, of the Dominion Astrophysical Observatory, Saanich, will be guest speaker at the next meeting of the Victoria Centre of the Royal Astronomical Society of Canada.

The meeting will be held in the Little Centre, Yates Street, Wednesday, February 19, at 8 p.m. The public is invited to hear Dr. Wright's lecture on "The Sun, a Typical Star."

One of Few Remaining Gas Lamps

ONE of the comparatively few remaining incandescent gas lamps still in use in Victoria is the one pictured above in The Daily Colonist composing room. The pilot light of the lamp burns continuously, and chains turn the main light on and off. According to officials of the B.C. Electric Co., the lights were first installed when gas came to the city about 50 years ago. The lamps were invented 10 years before that. While there are a few still installed in buildings in the older part of the city, they mostly are used for emergencies when electrical power is shut off.

In Panel Talks

DR. G. G. SEDGEWICK

Head of the department of English at the University of British Columbia, Dr. Sedgewick will take part in a panel discussion tomorrow night at Central Junior High School at 8:15. Subject of the discussion, held under auspices of the Victoria Extension Association, will be "Liberty and Security." Other members of the panel include Dr. J. M. Ewing, Victoria College principal, and Dr. D. M. Baillie, Victoria physician.

Crew Quarters Being Altered

C.G.S. William J. Stewart, hydrographic survey ship, is now being repaired at Yarrows Ltd., and will be there for at least three weeks, it was reported yesterday. Crew accommodation aboard the vessel will undergo major changes.

Today, the freighter Harmac Victoria is scheduled to reach the shipyard for repairs. She will be drydocked. Ss. Princess Louise was drydocked yesterday for minor repairs and annual overhaul.

Every Precaution Taken Against Fire on Carrier

Every imaginable precaution against fire is taken on board H.M.C.S. Warrior.

Among the hundreds of restrictions and regulations observed on the 18,000-ton carrier is the strict ban on cigarette lighters. These gadgets, although most practical for smokers, constitute a serious fire menace aboard a ship of this kind.

From officers interviewed on the ship it is learned that a lighter, dropped at a certain angle, will cause a spark. And just one spark can be a dangerous thing around fuel oil, oil-soaked rags and other combustible materials.

Many major fires, it is noted, have resulted from dropped lighters.

No fire of serious nature has occurred on the carrier in her comparatively short life, and her men are doing their best to make sure there is no such incident. However, should a fire break out, it would stand little chance of making quick progress.

From a section of the ship known as "Damage Control Headquarters," a constant check is maintained with every part of the ship—day and night. Fire-fighting equipment includes light and heavy units of the most modern and scientific type available. All men are trained to meet any such emergency. Frequent patrols are conducted throughout the vessel to detect any potential hazards.

And should Damage Control Headquarters be put out of commission, there is another similar communications "nerve centre" outfitted for the same purpose.

TRUCKS DAMAGED

Considerable damage was done to two trucks which collided in the 200 block on Gorge Road shortly before midnight Friday night, city police reported.

Drivers of the vehicles were Henry Charles Jones, of Duncan, and William Henry Trace, 271 Pallister Avenue, the report stated.

SEAFORD, Sussex, England (CP)—Forty residents of Seaford received one hundredweight of coal at Christmas under the will of Henry Simons.

Small Increase In Milk Price For Producers

An increase of approximately one cent per gallon in the price paid to farmers for milk has been approved by British Columbia's one-man milk board, it was announced yesterday. Retroactive to December 1, 1946, the increase will not raise the wholesale or retail prices of milk.

The order, approved by provincial order in council, applies only to milk supplied to the Greater Victoria and Greater Vancouver areas where milk prices are controlled.

Prices paid in the Greater Victoria area per 100 pounds of milk of 3.5 per cent butterfat have been raised from $3.15 to $3.25, while in Greater Vancouver an increase from $3 to $3.10 per 100 pounds of milk of 3.5 per cent butterfat content has been ordered.

When the previous rates were established on October 1, 1946, following removal of the Dominion Government producer subsidy, the retail price of milk was increased two cents per quart. The latest order provides that the changes be made "without affecting the rates to be charged on the sale of milk at wholesale or retail."

The board order applies only to fluid milk supplied to milk dealers and producer-dealers for the sale of milk in fluid form or for ice cream making.

How Would You Like to Live in the "Good Old Days"?

★ Back in grandfather's time, during the final quarter of the last century, things were quite different. There were no movies, no airplanes, no automobiles, few bathrooms, practically no efficient electrical appliances. If you contracted diabetes or pernicious anemia, your days were numbered. Your blood just "changed to sugar" in the former, "to water" in the latter.

There was little protection against virulent epidemics. Smallpox vaccine was the only biological on the market. When diphtheria or typhoid ravaged a community, there was nothing to do but wait it out in hope and dread.

Yes, a return to the "good old days" would mean, among other things, the sacrifice of the major portion of the contribution of medicine and pharmacy to your health and well-being.

Character

"Character," said Abraham Lincoln, "is like a tree and reputation is its shadow. The shadow is what we think of it; the tree is the real thing." In all ages there has been need to weigh human character, to determine which is the real thing, and what may be only the shadow. Much of the mercantile relations of the world are based upon what men know as the three "C's"—character, capability and capital—and character stands first. All the riches of the world are nothing without character. The most ingenious craftsman is discounted if he is not to be depended upon. Character is the man.

The literary craftsmen of the world are not wrong in their estimation of the situation. They show character in action, through its responses to varying stimuli. The individual is so seldom what he depicts himself to be, or indeed what others say of him. He is, rather, what he does. It is in action that life is worked out. Deeds are the telling responses in living, and they will be good, indifferent or bad, as their authors are, and in like proportion. No matter what the individual's circumstances and be his possessions whatever they may, capabilities are the tools with which he came into the world, but character is what he makes of himself.

It is natural that in commercial life the three "C's" should gravitate towards credit and past performance, but character is never omitted. It cannot be. What anyone will do under given circumstances is conditioned by all that he has done up to that moment, as life's presented its recurrent tests and trials. Each one, we are told, is the heir of all the ages, and that is true. It is left to the individual, however, to make his own advance upon that. So character is the prime yardstick by means of which human beings can be measured. Always that will be so.

It is a deeper thought that life of itself must be related to something outside of the individual: that no person can live to himself alone without affecting the age and land in which he lives. The slow persistent march of mankind upward from the mist of dark, forgotten days would never have occurred unless man had related himself somewhere and in some fashion to his fellow men. At one with his fellow men, related directly to the universe, man can reach his fullest meaning, under the eyes of Providence. The challenge to all individuals in these days is that they measure up to their vast inheritance.

Scout-Guide Week

This week has been set aside throughout the Dominion as Boy Scout and Girl Guide Week, to draw attention to the work being done by the two movements and to enlist the sympathy and practical assistance of the general public. More than 14,000 Scouts and Guides of British Columbia will take part in various functions in this Canadian-wide observance. It is one that will be noted with interest by all individuals interested in the welfare of young people and in the future of this country. The men and women of tomorrow are the young people of today, and the training given by these popular organizations has proved of great value in the realm of good citizenship.

Boy Scouts and Girl Guides have become such an integral part of national life that it would be unnecessary to draw attention to them were it not that familiarity sometimes breeds neglect, and that all youth groups need the stimulus of sustained interest if they are to accomplish their best work. Adults, many with their own Scout and Guide days far behind them, can help materially by joining local associations and parent committees, and by lending financial and other support. An increase in adult leaders means an increase in the number of boys and girls to whom Scout and Guide training may be extended.

That training is among the most healthful and useful open to young people anywhere. To be a Scout or a Guide is to learn the real meaning of service, to understand the value of self reliance and to grow to maturity with the principles of honor and good will as beacons for life. A community is enriched in proportion to the number of opportunities it places before its younger citizens. Boy Scout and Girl Guide Week deserves the support of all individuals who appreciate the character building value of these two world-wide movements. Those adults able to act as volunteer leaders and committee members should not hesitate about doing so, the need for more leaders is acute.

Britain's Mandate

In view of current difficulties in the Holy Land it might be informative to set out some facts concerning the mandate held by Great Britain and the steps taken by successive British Governments to carry out their obligations.

The mandate for Palestine was tentatively confirmed by the Council of the League of Nations on July 22, 1922, and came into force on September 29, 1923. It embodies the substance of the Balfour Declaration of 1917: "His Majesty's Government view with favor the establishment in Palestine of a National Home for the Jewish people, and will use their best endeavors to facilitate the achievement of this object, it being clearly understood that nothing shall be done which may prejudice the civil and religious rights of existing non-Jewish communities in Palestine, or the rights and political status enjoyed by Jews in any other country."

Sir Herbert Samuel was the first High Commissioner, and under the Religious Communities Ordinance of 1926 regulations were issued by the Government for the organization of the Jewish community, which enjoys autonomy for its internal, cultural and communal affairs.

Since the establishment of the mandate, nearly 500,000 Jews have been settled in Palestine, almost 30 per cent of the present population. When it is remembered that the area of the Holy Land is less than that of Vancouver Island, this must be regarded as no mean achievement. It is also considerable testimony to the good faith with which British Governments have carried out the spirit of the promise made to the Jewish people, without overlooking the equally important provision of the Balfour Declaration regarding non-Jewish interests.

Recurring Asset

The tourist trade is one asset which does not diminish with use. What British Columbia has to offer to the world in natural beauty, restfulness and charm are distinctively her own. Hon. Leslie Eyres summed up the situation well in his address last week before the Victoria and Island Publicity Bureau when he advocated easy access at border crossings, provision of good accommodation, a real welcome, courtesy, adequate travel information, tourist recreation, fair charges, and an invitation to "come again." With the Provincial Minister of Trade and Industry, we agree heartily that this is something every British Columbia citizen can work at with advantage to himself and to the province we love. Victoria has found that the tourist trade pays, and that every dollar invested in its practical encouragement comes back, many times over.

The Unfolding

Nature's finest pageant in the year is the unfolding, the return of Spring after a hard, long Winter. At a thousand sally ports, Spring bursts her bonds and dances free from the stern cold grasp of her elder sister. Snowdrop and crocus bloom on their new green stems. The white birch becomes feathery and soft at its tips. Brown buds, moist and glistening, shield new leaves, ready to break out like gay flags on the chestnut tree. The humble privet hedge quickens as its sap rises. From myriad gateways, Spring marches boldly on the land.

It is an encouraging sight. It is to man the promise of life renewed, the season of fresh starts and renewed hopefulness. The earth was not dead, but merely sleeping. Even in its long sleep new life was stirring, awaiting the time of its fulfillment. Yet the evidence when it comes is almost overpowering. Spring arrives with such a rush; with gay abandonment, bursting all of its bonds in swift succession. For a while yet Winter may claim the night, but only for a while. Each day, each hour Spring grows in radiance and strength.

There is pageantry in every foot of the way. Simple, humble things take on the charm of beauty. From field to city boulevard, from valley to distant skyline, there is the regeneration which spells life for all that lives and grows. If it is strange to see flower before leaf, to find rich, warm colors before the green parasol has been opened, that, too, is Nature's way. Infinite variety and charm are so interwoven that no one can say where the pageant could be cut into a single scene. Each year it is the great unfolding, that starts man once more upon his measured way.

Seen in Passing

If the day ever comes when the people of this country have to be compelled to record their votes the opinion they give at the ballot box will not be worth the harvesting. It was on that particular ladder which much of Europe set its feet to its sorrow in the decade immediately preceding the war. Having been compelled to vote, the electors were next instructed which way they should vote —or else.

Rich—And Rare

Rich and rare were the gems she wore,
And a bright gold ring on her wand she bore;
But oh! her beauty was far beyond
Her sparkling gems, or snow-white wand.

"Lady! dost thou not fear to stray
So lone and lovely through this bleak way?
Are Erin's sons so good or so cold,
As not to be tempted by woman or gold?"

"Sir Knight! I feel not the least alarm,
No son of Erin will offer me harm—
For, though they love woman and golden store,
Sir Knight! they love honor and virtue more."

On she went, and her maiden smile
In safety lighted her round the green isle;
And blest for ever is she who relied
Upon Erin's honor and Erin's pride.

PLAIN LANGUAGE

General Marshall told an American Senate committee yesterday that "the world is in a very critical condition."

The general wasn't thinking about words when he said this, although it could be claimed that even in the international arena some plain language would sometimes clear the air.

Erudite folk are fast forgetting that words were primarily created so that one person could communicate with another. It's true that in his scholarly work on language Saskatoon Professor R. A. Wilson describes it as the one unique human instrument which man has designed to give himself mental pictures of his material surroundings, but we prefer to regard words as a medium of talk and understanding. Few of us would be content to frame words merely to clarify our minds; we want other people to listen to them.

Nowadays, though, it's getting to be that listening is not very enlightening, whether via the spoken or indirectly through the printed word.

Every profession, it seems is at pains to become a secret society, and if you're not a member you just don't understand what the professionals are talking about.

That was well illustrated the other day when a New York plumber conveyed his ideas on cleaning drains to scientists of the United States Bureau of Standards.

LITERARY ACID

They could have written back, as they were forced to in the end, with the concise advice: "Don't use hydrochloric acid. It eats the pipes." But no, that would have been far too plebian and informal. Instead it had to be: "The efficacy of hydrochloric acid is indisputable, but the corrosive residue is incompatible with metallic permanence."

Isn't that splendid, but isn't it just like those rarefied beings who one of these days will qualify for a course in Basic English?

You have the same experience when you consult your doctor. It's no use expecting him to diagnose your trouble in ordinary language. Both of you may speak English but he throws a whole lexicon at you in the form of verbs and vowels that might as well be Greek for all the good they do you, even although he knows perfectly well your medical education is nil.

It's much the same if you try to elucidate the mysteries of governmental statutes, printed and sold to a public which may be hailed into court for not complying with them. You have to go to a lawyer to understand what some other lawyer meant when he phrased those ambiguous sentences. Sometimes it takes a succession of journeys all the way to the Privy Council to find out.

UP ON STILTS

The business world also has its wordy mumbo-jumbo, to which most of us fall victim when we choose to dictate letters that immediately become formal occasions. We stop being natural and get up on stilts. "I am in receipt of your esteemed favor of such and such a date, etc."

According to The Windsor Star the Lord Chief Justice of Great Britain is getting impatient with mysterious phrases. Ever since he heard a case brought under an egg control order he has insisted that governmental orders be written in language ordinary people can understand. That's probably too much to ask, even if he was forced to comment that the order in question may have been drafted by a university professor but it had to be understood by cottagers and miners who kept a few hens in the backyard.

So many official documents and regulations are written in lofty language they are above the heads of the people whom they concern. Sometimes, in fact, you begin to wonder if those who wrote them knew themselves what they meant when they drafted them.

Which reminds us of a good story told about Winston Churchill when he was Prime Minister. He ran up against officialese, also; but he was able to do something about it. He sent a memorandum to all departments in Whitehall ordering the use of plain, simple English. Brevity and simplicity, he commanded: "let us not shrink from the short, expressive phrase, even if it is conversational."

SUMMARY REBUKE

It was no wonder, then, that he reacted characteristically to a high Minister whose literary style was, to put it mildly, a little pompous. The latter sent Churchill a memorandum on an important matter which the Prime Minister read through with growing impatience. Then he seized a sheet of paper, wrote on it in red ink, and sent it and the memorandum back to its author.

And the astonished Minister read these words: "This is an example of stilted English, up with which I will not put! W.S.C."

Unfortunately few of us can bring offenders to book in this summary fashion, so if the pedants and professionals won't take a hint we suppose we'll have to go on suffering wordy indigestion.

To get back to General Marshall, who began this discussion. If you follow the deliberations of the United Nations you come to much the same conclusion about language, and the way it is used. Some days it would take the proverbial Philadelphia lawyer to explain what the delegates are up to, for the words they bandy about don't make it clear. Not that they're encased in Latin or Greek or officialese, but they often resemble a variety of double talk.

And the world has had more than its share of this kind of ambiguous language. Some part of its critical condition may well be laid to the absence of the "short, expressive phrase, even if conversational."

Nevada Prospector Becomes English Squire

By WENDY MACGOWAN
North American Newspaper Alliance

LONDON, Feb. 15.—A gold miner from them that hills of Nevada is the new squire of a Cornish village. One hundred of his people gathered in the church hall recently to welcome 59-year-old Mr. Francis Fig-Hoblyn.

Recalling that in the early eighties his mother, as a young girl, bade goodbye to Newquay (Cornwall) and left for the wilderness of British Columbia, Canada, he added, "Now she lies buried in the Santa Barbara cemetery in California, overlooking the dazzling, golden, sun-swept Pacific. . . . And I, her eldest son, have returned to the place where she was born, "where ruin greenly dwells."

I didn't know that Cornwall was in such a bad way. However, Mr. Hoblyn from Nevada feels no qualms about pointing the moral, for he ended his peroration: "Like a flash from another world comes the judgment. Alike to the England of today in her decline—to Wolsey in his fall—to the Hoblyns in their decay—speak out the fearful words: 'Had we but served our God with half the zeal we served our selfish selves, He would not in our age have left us naked to our enemies.'"

Since it is asserted that 25 per cent of road accidents are caused by dogs, a nationwide scheme is to start in London next month to train 3,000,000 of them "for the road." This is to be a permanent plan which will run through all future generations of dogs. They are to have evening classes and Sunday morning ones run by experts.

The parishioners of Englishcombe village, near Bath, wanted a war memorial. The vicar finally decided on a grouping of British flags which had seen active service by sea, land and air. He wrote to "Monty" asking for a flag to add to his collection. Field Marshal Lord Montgomery wrote back a kindly note sending "my victory flag"—the Union Jack which had been run up at Luneberg Heath, when the Germans signed the surrender, and which was afterward carried through to headquarters in Berlin.

The last squire of Kidmore End died a few days ago, at the age of 90, and with him died the last member of a 400-year-old family. Now starts the search for the relative likely to get the major portion of a $40,000 fortune.

After a rolling-stone adventurous youth, the squire settled down on his ancestral acres as a recluse. The story of how his family established its right to a barony is romantic. The last holder of this barony died in 1791, and the title was thought to have lapsed.

Many genearations later, a secret door in a piece of Chippendale furniture flew open. Lying in there was a parchment which established that the Brigham - Vanderstegen's—the family of the last squire—dated back its lineage and the right to the barony to King Henry VIII.

The probable beneficiary of the will is a second cousin, Mr. Eugene Drake Vanderategen, who lives in America.

Fashionable feminine London was all het up about the recent Spring fashion show of the "big ten" couturiers. Attendance is strictly by invitation, and gate-crashers were thrown out. Into the snow.

It's amusing to note the differences between London and Paris showings. In Paris there's an awful lot of frou-frou or chi-chi. The floral decorations are worthy of any gilded debbies, coming-out ball. The audience is as much on show as the models. You're apt to be drowned in perfume.

London audiences are quieter, almost silent, and they don't compete with the models in the chic of their ensembles.

DRESSING FOR TOURISTS

Sir,—Following up the splendid suggestions of your correspondent, M. Godfrey, I would also suggest that we have one of the old-fashioned "town criers," suitably garbed, and why not a few lamplighters with their long poles for an evening attraction. Possibly also we could persuade the leading businessmen to don the morning coats and plug hats for their appearance at 9 or 9:30 a.m. I would hate to suggest a few barrel organs with the usual monkey.

THE FILAMENT LAMP

Sir,—This year America is celebrating the 100th anniversary of the birth of that ingenious and versatile inventor, Thomas A. Edison. Invention, however, is seldom altogether due to a single man. One man builds upon another's failure. Mr. Edison was not the inventor of the first practicable electric lamp. Neither was his lamp where he did produce it a better electric lamp than had already been produced.

Others had produced lamps of a similar nature, but the first successful electric lamp was demonstrated by its inventor, Sir Joseph Wilson Swan, before a meeting of the Royal Society at Newcastle, England, in December, 1878, ten months before Edison's demonstration. Moreover, Edison soon abandoned his carbonized bamboo filament for Swan's carbonized cotton filament. Swan took steps to manufacture his lamp in England, and when Edison's company invaded the British market it came into legal conflict with Swan's company, resulting in the still existing Ediswan Company, Ltd.

Mr. Edison's greatest contribution to humanity was the development of the Research Laboratory, where a number of scientists and assistants, jointly working on a common problem, can resolve the difficulties and bring the invention to a commercial stage far more quickly than the efforts of a single scientist, however clever. Mr. Edison was, above all, a practical man, and it is such men the Apocrypha assures us "who maintain the state of the world."

ANOTHER VIEW

Sir,—A great deal of comment has been given to the preservation of game by organized game protective associations. Suggestions have been made from time to time and mention has been made in the present Legislature.

It seems those most interested are the ones first to destroy. Armed with an ingenious idea for the preservation in one hand, a gun in the other, covering mountain and dale in tense anticipation to line the sights and pull the trigger on bird or animal unfortunate enough to become exposed.

Those destroying the most enjoy the dubious honor of being an expert hunter and are the most active with ideas to preserve. Truly no protective organization can be made up of members armed with guns awaiting the dawn of open season to destroy. Guns can be an instrument of great pleasure and skill. The thrill of breaking the clays or making a bull's-eye cannot be compared to the crippling or killing of a deer or a bird.

It is a simple problem to preserve game. Close the season down.

Victoria in Beard and Crinoline

From Files of The British Colonist for February, 1860

By G. E. MORTIMORE

Even a mule wasn't safe from taxation in 1860.

A wordy proclamation by Governer James Douglas, published in The Colonist, told the people of Vancouver Island and Mainland British Columbia that a rather unusual source of revenue had been trapped to swell the colonial coffers.

After a twelve-line preamble, the proclamation ran like this:

"Whereas, it is expedient to raise further revenue for the purpose of opening and improving the communication and roads from Fort Douglas and Yale with and to the mining regions beyond those places.

"Now and therefore I hereby declare, proclaim and enact as follows:

"That from and after the first day of March next, every packhorse, mule, or other quadruped, leaving Fort Douglas or Yale, for the purpose of carrying a load or burden towards the mining regions beyond the place aforesaid, shall be charged with a toll of one pound sterling for each journey, to be paid previously to starting.

"The said toll shall be paid by the person in charge of said quadruped to the magistrate of the place from which said quadruped shall start.

"Any person wilfully evading the toll aforesaid shall be fined treble the amount of the toll or any sum not exceeding one hundred pounds at the discretion of the magistrate.

"Issued under the public seal of the said Colony at Victoria, Vancouver Island, the thirty-first day of January, A.D., one thousand, eight hundred and sixty, and in the twenty-third year of Her Majesty's reign, by me.

JAMES DOUGLAS."

The Colonist righteously cried "I told you so," when this announcement was made, and launched a sharp protest:

"An article in our last issue warned the public of the probable imposition of an extra and special excise toll on all merchandise leaving Douglas and Yale for the upper country, had scarcely appeared, before a proclamation was gazetted, authorizing the collectors at these points to collect FIVE DOLLARS ON EACH MULE LOAD.

"Time and words are wasted . . . neither the wishes of the people are consulted, nor their interests safe from the exactions of undisguised absolutism. . . ."

From the tone of the protest, one might almost imagine the writer was talking about modern government by order in council.

Ottawa to Delay Immigration Until Housing Problem Solved

OTTAWA, Feb. 15 (CP).—The Government plans to delay any announcement on a general immigration policy until an end of the housing shortage in Canada is in sight, it was learned authoritatively today.

A source in close touch with Government affairs told The Canadian Press that the Cabinet has definitely decided that there will be no open door policy on immigration until the housing problem is solved.

The decision, he said, was communicated by a number of [illegible] Party members Friday when a provision repealing the Chinese Exclusion Act came under heavy fire.

The provision was included in a bill which, among other things, continued wartime regulations under which dependents of members of the armed forces were allowed to come into the country without being subjected to the Immigration Act.

When the bill came up for second reading in the Commons, Opposition members and Liberal members from British Columbia objected to the way in which the Government was planning to repeal the exclusion of Chinese.

The British Columbia members, who are probably more aware of the Asiatic problem than members from any other part of Canada, for the most part were worried that the change would mean a great influx of Chinese and their families.

Resources Minister Glen attempted to explain that the act would mean simply that Chinese who had become Canadian citizens would be able to bring their wives and families to Canada. His explanation was misinterpreted and was taken to mean that all Chinese in Canada would be able to bring their wives and families here.

The source said that Mr. Glen was under particularly heavy fire at the Liberal caucus and that finally External Affairs Minister St. Laurent stepped into the discussion to explain the exact extent of the bill.

He was said to have explained that possibly not more than 2,000 Chinese in Canada would qualify to bring their wives and families here. And as to future immigration, Chinese would fall under the classification of Asiatics in the Immigration Act.

The source said that Mr. St. Laurent made it clear that he supported removal of discrimination from Canadian laws but that things had to come in order. The housing problem, for instance, had to be solved first.

Red-Faced Oilmen Bring In "Gusher"

EDMONTON, Feb. 15 (CP).—Red-faced officials of an Edmonton drilling company brought in a "gusher" today, but it wasn't oil. Equipped with a small portable drilling rig, the company decided to give it a try and set up the apparatus in the firm's compound.

They drilled. A liquid gushed into the air. It was water from one of the city's mains.

Veterans Urge Japanese Ban

VANCOUVER, Feb. 15 (CP).—The British Columbia command, army, navy and airforce veterans today urged a ten-year extension of present restrictions on the movement of Japanese in Canada.

Over 75 delegates from 21 units representing 10,000 veterans in the province, are attending the annual meeting of the command here.

A resolution passed at the meeting, states that "responsible citizens of British Columbia view with alarm the imminent repeal of war legislation restricting the movements of the Japanese within Canada, with the probability that these people will soon be infiltrating into the coastal areas of the province. The return of this centrally-controlled dual citizenship foreign bloc will operate as an insidious menace to all citizens of this area."

It was suggested that after the probationary period of ten years "the position of the Japanese in Canada might again be reviewed."

Six Billion Dollar Cut Likely to Be Rejected

WASHINGTON, Feb. 15 (AP).—Nineteen House Democrats blasted the proposed $6,000,000,000 budget slash today on the ground it might hamstring Secretary of State Marshall at Moscow, and Senator Vandenberg (Rep., Mich.) expressed "fear" it would mean disarmament.

With Vandenberg coming out against any cuts that would force this country to "disarm alone," indications mounted that the Senate will reject the $6,000,000,000 cut in favor of a smaller one. Chairman Bridges (Rep., N.H.) of the Appropriations Committee, in fact, conceded as much.

The House Democrats, members of the Appropriations and Ways and Means Committee, filed their protests as a minority report to that adopted by the Senate-House Budget Committee yesterday recommending the cut. Individually, they declared their intentions of fighting the reduction on the floor.

Their statement, drafted at a conference, urged a delay in fixing the congressional spending ceiling until "actual hearings" can be held.

"It is possible that such a delay, especially if international agreements for permanent world peace should be effectuated in the meantime," the statement said, "would make possible and feasible even greater reductions."

The Democrats added that "such delay would avoid the dangers of a premature announcement of precipitous reductions of appropriations in support of our armed forces which might militate against the effectiveness of our diplomatic representatives at the Moscow Conference and other international conferences scheduled for the next few weeks."

They promised to "press for and co-operate in the reduction of appropriations in every consistent and practical way," but said they could not approve the flat slash of President Trumans $37,500,000,000 estimates for the fiscal year starting July 1 which the committee voted.

Cruising Plane Seeks Japanese

By SPENCER DAVIS
Associated Press Staff Writer

PALAWAN, P.I., Feb. 15 (AP).—A war crimes investigator and a group of observers aboard a 13th Air Force Mitchell search plane today cruised over desolate jungles of the west coast of Palawan in search of a reputed garrison of 200 Japanese stragglers hiding out in this forsaken outpost of the Philippines.

We were on a needle-in-the-haystack mission and realized it full well after covering an area 30 miles north, 50 miles south and 30 miles east of iridescent Mayday Bay.

Dipping down barely to coconut treetop level, we sighted some clearings and a few village shacks. Several appeared well kept, but there was no one visible.

"That's an indication they are Japs," exclaimed Prentice "Pete" Miles, of West Frankfort, Ill., owner of a lumber mill near Mayday Bay.

It was Pete who first spotted a Japanese barracks believed to contain the remnants of the garrison which slaughtered 150 American prisoners of war at Puerto Princesa December 14, 1944, in one of the worst atrocities of the war.

Flaming gasoline was thrown on the Americans as they huddled in three air-raid shelter trenches. As screaming men ran from the shelters, they were mowed down by machine guns and rifles. Others ran to Japanese and begged to be shot.

Depositions describing this tragedy set Maj. Richard R. Prewitt, of Houston, Texas, former 4th Armored Division combat officer, on the trail of the perpetrators.

To date, none has been found.

Car Thieves Smash Truck

Police of Greater Victoria are on the watch for two men who smashed a stolen light delivery truck into the rear of a Vancouver Island Coach Lines bus at the corner of Gorge Road and Colquitz Avenue at 4:45 p.m. yesterday.

Saanich police were informed of the theft of the light delivery truck belonging to J. Hamilton, Duncan, at 4:30 p.m. At 4:45 p.m. they received a call reporting the accident at Gorge Road and Colquitz Avenue. Cpl. Jack Hamilton and Constable R. Adrian of the Saanich police found on arrival that the bus had stopped at the corner to take on passengers when the stolen delivery truck approached at high speed. The truck failed to clear the bus and crashed into its rear.

A woman getting on the bus at the time was badly shaken up. The two men alleged to have stolen the truck approached the bus driver and told him they were going to phone the police. They ran for the nearest house but had disappeared when police arrived on the scene.

Burglars Take $166 in Cash

A quantity of cigarettes and $166.75 in cash were stolen by thieves who broke into the Dot Mar Cafe, Yates Street, Friday night, city police reported yesterday.

Theft was discovered by Joseph Flynn, proprietor, who told police the money had been taken from three boxes kept in a small cupboard in the cafe.

Investigation by Detectives David Donaldson and F. Woodburn disclosed the burglars had gained entry by breaking a rear window and smashing a chain used to lock the basement door.

Peter Johnson, 40, of 857 Wollaston Street, was taken to Jubilee Hospital by police ambulance at 8:45 p.m. yesterday suffering from head injuries after being struck by a car, according to police.

Mr. Johnson was walking north on the east side of Tyee Road, police reported, when he was struck by a car going north on Tyee Road. The car was driven police said by William F. Skinner, 519 Northcott. Mr. Johnson's condition was reported to be good by hospital authorities.

Admiral Byrd Sights Range

LITTLE AMERICA, Feb. 15 (AP).—Rear Admiral Richard E. Byrd flew within 170 miles of the South Pole today while leading exploratory flights by four United States navy skiplanes which resulted in discovery of a major mountain range.

Beyond the Horlick Mountains the flight discovered a ridge-shaped range of reddish-colored mountains rising 15,000 feet. Geologists said the color indicated possible volcanic origin.

Wounded Wife Asks $200,000

NEW YORK, Feb. 15 (AP).—Mrs. Olga Rocco, alleging that the police "refused and neglected" to protect her from her husband, has made a $200,000 claim on the city for the leg she lost in the bizarre "camera gun" shooting in a Times Square subway station on New Year's Eve.

The pretty 28-year-old woman, now recovering in a hospital, charges the police were negligent in not providing protection after an earlier attempt on her life, when she was shot through a window of her home last November 1.

Her lawyers filed a petition for damages with Mayor William O'Dwyer, it was revealed yesterday.

Her estranged husband, Alphonse, whom she blamed for masterminding the shooting in the subway station, later was shot to death by police in an upstate manhunt.

Mrs. Rocco was hit by a shotgun blast, fired by 19-year-old Pearl Lusk, who told police she believed she was using a camera. Miss Lusk, who was exonerated by authorities, said Rocco employed her, telling her he was an insurance investigator, that the "camera" could take X-ray pictures and that the woman he wanted photographed was carrying stolen jewels.

One of Mrs. Rocco's lawyers, Samuel Douglas, said the petition for damages was not a court action. He said the city owed her "a moral obligation to compensate her for the serious injuries resulting directly from its neglect to provide her with protection."

P.-T.A. Founder Dies in Victoria

Founder of the Parent-Teacher Association in Canada, Mrs. Elsie Mae Lorimer, died Friday in St. Joseph's Hospital.

Resident of Victoria for more than 30 years, Mrs. Lorimer started the organization at a meeting in Craigflower School in 1915. She was once a teacher at Spring Ridge.

An active member of the Victoria Lawn Bowling Club, Mrs. Lorimer was an associate member of the Native Daughters of British Columbia.

Funeral services will be held Tuesday at 2 p.m. from Hayward's B.C. Funeral Chapel. Interment will be in Royal Oak Cemetery.

Calcutta Seethes Inwardly With Unspoken Discontent

CALCUTTA, Feb. 15 (Reuters).—To the casual observer, Calcutta is quiet and businesslike. Here and there at street corners in certain quarters, groups of armed police in khaki and steel helmets may be seen, but there is little else—on the surface—to show that in a few days of furious intercommunal rioting last August 5,000 men, women and children were butchered and twice that number injured.

In fact, however, this city, dirty, overcrowded, wealthy, vicious seethes under the crater crust over content with British rule, the discontent with British rule, the discontent of the politically-conscious and articulate minority. But under this is the unspoken discontent of the masses, of tens of millions starved for generations in soul, mind and body.

The Indian masses have long been docile, but a quarter century of political agitation ending with the greatest war in the East since the days of Gengiz Khan has brought home even to the dullest that great matters affecting them are afoot.

The authority which for centuries has held power, impartial and strong, is relaxing its grip and many of its officers on the spot are acutely aware that within this city are all the elements, criminals, communal and violently revolutionary, for a major outbreak of violence if the ruling authority shows signs of weakness.

Last August's riots showed how the communal balance, instead of being a check on each community, led to the most vicious rioting in Indian history.

For example there are the Goondas, the worst element in all Indian disturbances. These are a criminal element almost peculiar to India. They live for and thrive on civil disorder and in the Indian Criminal Code there is special legislation providing for their control and suppression.

As vultures smell battle, they sense trouble and when known Goondas appear in a district it is often the first indication that hidden forces are working up towards an explosion.

The Goondas of Calcutta are not wanderers. They live ordinary lives—but are always ready organized in small gangs to take advantage of whatever occasion offers.

When the mobs are on the streets, the Goondas are among them, watching their opportunity for loot, robbery or murder.

Powder That Waterproofed The Maginot Line Can Now Keep Your Basement Dry and White

MAGINOT LINE was Aquellized over twelve years ago. Letters on file from French engineers give irrefutable evidence of its effectiveness and its present state of preservation.

AQUELLIZED COLUMN at the left, held also 8-ft. head of water (500 lbs. per sq. ft. at the base), while untreated concrete masonry column at the right offers no practical restriction to the flow of water through its walls.

AQUELLA PENETRATES the surface of lightweight concrete masonry to fill and close the interconnecting pores.

Out of the colossal failure of the Maginot Line comes this amazingly successful method of waterproofing concrete and masonry. Developed especially for the purpose, Aquella was the only waterproofing paint to completely stop the voluminous water seepage in this underground fortification.

Aquella is a pure white flour-like powder. Mixed with water and scrubbed into the face of a concrete or brick wall, its infinitesimal particles actually penetrate the surface, then expand as they dry, sealing the surface solidly and firmly. Aquella unites with the material of the wall to form a hard, watertight substance which continues to harden with age.

Walls treated with Aquella become snowy white. The smooth egg-shell-like finish if properly applied and cured, will not powder, rub off, blister, peel or flake; it can be left as is, or painted.

Applying Aquella is as easy as white-washing. Use it for interior or exterior surfaces of concrete, brick, cinder or concrete blocks, stucco or cement plaster. Aquella is the positive, easy way to remedy water leakage, dampness or seepage above or below ground on all porous masonry surfaces.

Mr. and Mrs. Malcolm Gillespie Pictured Following Their Wedding at Christ Church Cathedral Yesterday Morning.

A MARRIAGE uniting two well-known Victoria families was held at Christ Church Cathedral yesterday morning at 10:30 o'clock, when Mildred Victoria, second daughter of Mrs. Stephen Jones, and the late Mr. Stephen Jones, exchanged nuptial vows with Malcolm Gerard Gillespie, second son of Mr. George Kenneth Gillespie, of Cowichan Lake, V.I., and the late Mrs. Gillespie. Rev. Thomas S. Leadbeater performed the ceremony.

Given in marriage by Mr. Samuel McClure, of Deep Cove, an old friend of the family, the bride was smartly attired in a powder blue gabardine suit with brown accessories and corsage of white orchids.

The bride's only attendant was her sister, Mrs. Margaret Miller, who chose a pink suit with brown accessories. Mr. George Hebden Gillespie, the groom's brother, acted as best man.

Following the ceremony a wedding breakfast was held at the Empress Hotel.

After a honeymoon at Harrison Hot Springs, Mr. and Mrs. Gillespie will make their home in Victoria.

Glee Club to Present Varied Program Here

At the concert to be given by the B.C. Electric's Vancouver Glee Club at the Empress Hotel on Wednesday, the program will include a wide range of selections varying from the classical works of Mozart and Brahms to lighter arrangements by Sigmund Romberg and Fred Waring.

The concert is being sponsored by the Solarium Junior League and proceeds will be given to aid the work of the League.

Assisting artists will be Miss Judy Wright, soprano and G. Ernest Adams, baritone, both of Vancouver, and among their selections will be "One Kiss," (Sigmund Romberg) to be sung by Miss Wright; "Drinking Song," from Hamlet (Thomas), to be sung by G. Ernest Adams.

Among the selections to be sung by the Glee Club are "Tally-Ho," Leoni-Lord; "The Song of the Jolly Roger," Candlish; "The Road to Romany," Brahms; "Stout Hearted Men," Sigmund Romberg.

To Celebrate C.G.I.T. Week

C.G.I.T. week will be celebrated in Victoria this week by teen age girl groups in the United Church, Presbyterian and Baptist Churches. It is the week set apart by the National Work Board, Toronto, so that groups across Canada, from Victoria to Halifax, may celebrate together. The national theme for the week is "Ye shall be witnesses."

Congregations in Canadian churches will learn about this program for teen age girls within the Protestant communions. They will hear about the camping program where the girls put into practice the ideals and aims of the movement, and they will learn that during the Summer of 1946, Canadian Girls in Training contributed over $1,200 to the Save the Children Fund. The money is being applied to the shipment of clothing, cod liver oil and pablum sent to Europe recently. They will be told that the C.G.I.T. program is one of Christian education and is based on the Sunday school class, including girls from twelve to seventeen years of age.

The 1,008 Canadian Girls in Training in the Province of British Columbia attended 19 girls camps last Summer. During Camp Council, which is a special provincial C.G.I.T. delegate camp, the provincial officers were elected for the year. They are Miss Donna Rideout, Sardis, president, and Miss Marie Murdoch, Kelowna, vice-president.

Sponsored by the interdenominational girls' work board of Victoria a C.G.I.T. pep rally will be held next Saturday from 4 to 7 p.m. at the Fairfield United Church, Moss and Fairfield Road. The provincial president of C.G.I.T., Donna Rideout, will speak and lead sing-songs and Miss Gertrude Patmore of Vancouver will be the speaker.

Ex-Wrens to Hold Meeting on Tuesday

A meeting of the W.R.C.N.S. Association, Malahat Division, will be held at Prince Robert House, Douglas Street, on February 18 at 8 p.m. All ex-members of the W.R.C.N.S. and W.R.N.S. are invited to attend.

Olive Turner Wears Highland Dress For Marriage to Douglas McHattie

A colorful Scottish wedding took place last evening at St. Aidan's Church, Mount Tolmie, when Olive Jean, daughter of Mr. and Mrs. James Turner, Sayward Road, Royal Oak, and Douglas Sheret McHattie, son of Mr. and Mrs. J. T. McHattie, Keating Crossroad, Royal Oak, exchanged nuptial vows in the presence of Rev. T. G. Griffiths and a large congregation.

The church was beautifully decorated with iris, tulips, narcissi and plum blossoms, the guest pews being marked with heather tied with tartan bows. Mr. P. Boorman presided at the organ and Mr. Arthur Beckman sang Sanderson's "Until" while the register was being signed.

The bride, given in marriage by her father, was attired in full dress kilt of Royal Stuart tartan. She was attended by her sisters, Mrs. W. C. Watson and Mrs. R. J. Ireland, wearing full kilts of McKenzie and Wallace tartans respectively.

The bridegroom had Mr. W. C. Watson as his best man, and the ushers were Mr. W. C. Turner and Mr. R. J. Ireland. The bridal party was piped from the vestry to the reception held in St. Luke's Hall, to the tune of "The Kut Brown Maid," played by Mr. J. McMillan. The bride's mother, Mrs. J. Turner, wearing a brown and sand ensemble with chocolate brown accessories and corsage of Kokomo carnations and Mrs. J. T. McHattie, mother of the groom, attired in cocoa brown with chocolate brown accessories and corsage of yellow carnations and freesias, assisted the young couple in welcoming the guests. The four-tiered wedding cake, centred the table, which was covered with a Royal Stuart tartan plaid. The toast to the bride was made by Mr. William Gerrie, Vancouver, an old family friend.

Leaving for a honeymoon in Seattle the bride traveled in an olive green dressmaker suit, Scot-green topcoat, matching hat, with dark brown accessories and a corsage of red roses, swainsona and heather tied with tartan ribbon. Mr. and Mrs. McHattie will make their home in Victoria.

CELEBRATE ANNIVERSARY

The Women's Auxiliary No. 65 to the Victoria Typographical Union No. 201 celebrated the 21st anniversary of the foundation of the auxiliary on Wednesday evening at the home of Mr. and Mrs. A. C. Chislett, Prior Street.

Mrs. W. E. Skeet, who was chairman for the evening, welcomed the guests in an opening address. Mrs. Skeet was the first president of the auxiliary when it was organized in 1926. Mrs. V. Smith, president, spoke briefly and presented the hostess and each member with a gift.

Prior to the meeting a turkey dinner was served to the members, at a table decorated with the auxiliary colors, and later in the evening bridge was played with the first prize being awarded to Mrs. W. Milligan, second to Mrs. Coldwell and the third to Mrs. F. Rowlands.

Pretty Wedding At St. John's

On Friday evening at St. John's Church, the marriage of Stella Muriel, youngest daughter of Mrs. E. K. Ware, 1022 Princess Avenue, to Thomas John Bartlett, only son of Mr. and Mrs. C. Bartlett, 1868 Forrester Street, was solemnized by Rev. George Biddle.

The bride, given away by her brother, Mr. Norman Alfred Ware, was lovely in a floor-length gown of white satin styled on princess lines with lily-point sleeves and round neck. Her veil billowed to the floor from a coronet of net. She wore a strand of pearls, and carried a round [illegible] carnations. Mrs. H. Carden, wearing a gown of pink taffeta with doll-hat of pink and blue, was matron of honor for her sister. Her bouquet was composed of pink snapdragons and carnations. The bridesmaids were Miss Virginia Tulloch, in pastel pink net with satin bodice, and Miss Rebecca Dinwiddy, in blue jersey with pleated skirt. Their Juliet caps matched their frocks and they carried bouquets of pink and white snapdragons and carnations.

The best man was Mr. Gerald Wakelin, and ushering were Mr. Harold and Mr. Eric Ware, brothers of the bride.

The reception following the ceremony was held at the home of the bride's brother-in-law and sister, Mr. and Mrs. Percy F. Edwards, 2712 Forbes Street, where the young couple were assisted in receiving by their mothers. The three-tiered cake centred the lace-covered table which was decorated with lighted white tapers and daffodils. Mrs. E. Edwards presided. The toast to the bride was given by Mr. C. Bartlett.

After a honeymoon on the Mainland, for which the bride wore a grey wool suit trimmed with beaver, brown hat and accessories, and a gardenia corsage, the couple will make their home in Victoria.

At a pretty wedding at Hope Lutheran Church on January 28 Ivy Adelle, daughter of Mr. and Mrs. H. Johnson, exchanged marriage vows with Thomas Charles Gummer, son of Mrs. M. E. Gummer and the late Mr. E. W. Gummer. Rev. A. Biberdorf officiated.

Given in marriage by her brother, Mr. H. (Bud) Johnson, the bride was lovely in a white satin gown with sweetheart neckline, lily-point sleeves and her floor-length veil was held by a coronet headdress. She carried a bouquet of red rosebuds and carnations, and wore a gold pendant inlaid with small pearls, belonging to the groom's mother.

Miss Lila East, as bridesmaid, wore a pink taffeta gown and carried a bouquet of pink carnations.

Mr. E. Gummer, brother of the groom, was best man while Mr. Roy Tutte and Mr. M. B. East acted as ushers.

Following the ceremony a reception at the home of the bride's brother-in-law and sister, Mr. and Mrs. A. G. Biggs, where Rev. Biberdorf proposed the toast to the bride. A three-tiered wedding cake centred the table decorated with pink and white streamers.

For a motor trip Up-Island the bride wore a turquoise dressmaker suit trimmed with red fox, matching hat, black accessories and corsage of carnations and snowdrops. Mr. and Mrs. Gummer will make their home in Victoria.

Overseas Romance Culminated Here

Marriage vows were exchanged February 8 at St. Alban's Church by Miss Winifred Chatterley, daughter of Mr. and Mrs. C. C. Chatterley, Newport, Isle of Wight, England, and James Livingstone Smith, eldest son of Mr. and Mrs. James Smith, 2636 Scott Street, in a quiet ceremony performed by Rev. F. E. M. Tomalin.

The young couple met during the groom's three years service overseas.

Given in marriage by Alex Johnston, the groom's uncle, the bride wore a powder-blue suit with flared skirt. A cluster of pink carnations held her shoulder-length veil and she wore a corsage bouquet of carnations and freesias.

Mr. and Mrs. William Smith of Vancouver, the groom's brother and sister-in-law, attended the couple. Mrs. Smith wore a yellow crepe afternoon dress with black accessories and corsage bouquet of gardenias.

Following the ceremony a reception was held at the home of Mr. and Mrs. Alex Johnston, 1911 Stanley Avenue. A three-tier cake centred the lace-covered table which was decorated with white tapers and pink carnations.

A congratulatory phone call was received from the bride's uncle, H. Smith, in Los Angeles and cablegrams were received from relatives on the Isle of Wight.

For the honeymoon in Vancouver, the bride donned a fur coat over her wedding costume. Mr. and Mrs. Smith will reside at 2652 Mt. Stephen Avenue.

I.O.D.E. Chapters

Municipal Chapter, I.O.D.E., will meet on Monday at headquarters at 2 p.m.

My! What a difference Dr. Lyon's can make. How it brings back that old sparkle to your teeth . . . polishes them to their full natural brightness.
And Dr. Lyon's tastes so good . . . is easy to use . . . and so economical. Matched for price, it outlasts tooth pastes 2 to 1. No other dentifrice will get your smile brighter, more beautiful than Dr. Lyon's.

Glimmer and Shimmer Hollywood

Laurence Olivier announces from London that his next production will be an elaborate picturization of the great classic, "Hamlet."

This announcement verifies the rumors that have been persistent for the past several weeks. The [illegible] will be filmed in black and white, but a new technique perfected by Olivier will be used.

No cast for the film has been announced but there is a possibility that Vivien Leigh will appear in the role of Ophelia. Many of the players from "Henry V" are expected to again appear in "Hamlet."

LAURENCE OLIVIER

Olivier advises that part of the filming will take place in Denmark in the actual settings. It is remembered that Olivier, a few years ago, journeyed to Denmark with Miss Leigh and appeared in "Hamlet" in the historic setting.

Olivier will announce castings as soon as possible and hopes to have the film completed within four months from the time shooting commences, so that his long projected tour with an acting company to Australia will not be delayed.

Loretta Young and Dana Andrews have been signed to co-star in "Memory of Love," a poignant dramatic love story with San Francisco and New York as its background.

Deborah Kerr, who went to Hollywood from her native Britain to star with Clark Gable in "The Hucksters," has "wowed" the film capital to such an extent that Time magazine last week gave over its cover and five inside pages to her life story. Scottish by birth, she has already made "Major Barbara," "Love on the Dole," "Hatter's Castle," "The Day Will Come," "The Avengers," "Colonel Blimp," "Vacation From Marriage" and "I See a Dark Stranger."

Handsome Anton Walbrook, off the screen since his appearance in "Colonel Blimp," has been chosen to play the leading masculine role opposite ballerina Moira Shearer in the forthcoming Technicolor production, "Red Shoes."

"Red Shoes" is the Hans Christian Anderson tale which has been elaborated on by the J. Arthur Rank producing duo, and in which will also be featured the famed Sadler's Wells Ballet of England. Location work will be done in Monte Carlo, Rome and Stockholm.

With everyone talking about the "newest" form of entertainment—television—Dame Sybil Thorndike scarcely agrees. She was the first star to be televised and that was 20 odd years ago.

Recently making "Nicholas Nickleby," she said the occasion was a broadcast to the British Association, meeting in Leeds, in 1924.

Benedict Bogeaus and Ida Lupino have formed Arcadia Productions. The new company will call for Miss Lupino's appearance in three films during the next three years.

The production agreement marks the entry of Miss Lupino into independent production. She will appear in "The Queen's Necklace" for her first role. Arcadia will also produce other pictures during the next three years aside from those starring the blonde film actress.

"Ramrod," an Enterprise picture, has been selected as the official film of the Utah Centennial.

Gabriel Pascal, eminent motion picture producer and long-time associate of George Bernard Shaw, recently signed an agreement with the Mary Pickford-Lester Cowan Independent Co. He will shift his headquarters from London to Hollywood, bringing with him his program for the filming of Shaw's plays.

This is the first time Shaw has permitted any of his plays to be filmed in Hollywood. Pascal has produced three films from Shaw plays in England.

Pascal said: "Considering the enormous handicaps imposed by the war, we British producers have made remarkable strides. But competition to Hollywood will arise in every major nation because every country now wants to become a successful film production centre and not only for economic reasons.

"For the present, however, I think Hollywood is well out in front on the basis of experience, resources and organization, and last but not least, a heavenly climate."

Y.P. Organizations

A successful Valentine dance was held on Friday evening under the auspices of the St. Saviour's A.Y.P.A. in the parish hall. Robert Shandley acted as master of ceremonies and Albert Denoni provided the music.

Mr. Colin Smith presided at a recent meeting of Langford-Colwood A.Y.P.A. held in Colwood Hall, when Rev. G. H. Greenhalgh was welcomed as a guest.

The Chinese United Y.P.U. held a Valentine social on Wednesday at the church gymnasium. Jimmy Chow and Noreen Hong were conveners assisted by Ruth Peat and Frank Hong. Among the guests were Rev. and Mrs. C. Y. Chow, Miss Lottie McRae, Mr. Frank Hall, Miss Ella Marr, Mr. Jack Spiller and Mr. Sam Peat.

High School Students in City Conduct Two-Hour Program

This Week's Radio

Newest addition to CJVI programs is "Pacific Nocturne," which will enter Victoria airways for the first time this evening at 9:30 o'clock. A mixture of old familiar melodies and songs of the sea, the program will be heard immediately following "Victoria Commentary."

A native of Toronto and well known to C.B.C. audiences across Canada, [illegible] will be the guest artist on the "Northern Electric Hour" hour tomorrow at 6:30 p.m. over CJVI. He will sing the ever-popular "Macushla" and "The Whole World Is Singing My Song."

JIMMIE SHIELDS

As usual, Paul Scherman will direct the concert orchestra and John Drainie will give another "Forward With Canada" narration.

Every Saturday from 10 a.m. until noon students from six high schools in Greater Victoria take to the air over CJVI. The students form a central committee and work with Jack Kyle, announcer, to produce the two-hour program. Included is the announcers' contest, which presents six student announcers each week; "High Varieties," a comedy program, and "Man on the Street."

A total of 25 to 30 boys and girls get together each week to write and present their talents for Victoria.

The series will continue until the end of April.

A contemporary play about Socrates, written in blank verse, is the latest work to come from the pen of Lister Sinclair, Canadian poet and dramatist, and one of the principal contributors to "Stage 47."

The program will be presented today at 5:30 p.m. "Stage 47" is currently devoting a considerable number of broadcasts to radio adaptations of literary classics.

Mayor Moore is to play the role of Socrates. The philosopher's friends, his accusers and citizens of Athens make up the other characters of the drama.

Eugene Szenkar, permanent conductor of the Brazilian Symphony Orchestra of Rio de Janeiro, will be guest conductor with the Toronto Symphony Orchestra for the evening concert.

One hour of the program may be heard over CBR at 6 p.m.

Alcoholics Anonymous will be represented by a member on the next broadcast of the radio talk series, "What About Alcohol?" on Thursday at 5 p.m.

Appearing anonymously at the microphone in Ottawa, the speaker will describe for listeners his own experience and his cure by this particular group.

Special coverage of the British Columbia Legislature has been announced this week by C.B.C., and the first of a series of weekly radio reports on the affairs of the House will be heard Saturday at 10:15 p.m. over a province-wide network.

Speaker will be James K. Nesbitt, parliamentary reporter who has been a member of the press gallery for a number of years.

Aim of the series will be to provide an impartial report on the week's work in the House—to keep British Columbians posted on the doings of their representatives and the activities of the various political groups.

Shawnigan News

Mrs. A. Sutton presided at the meeting of the Women's Auxiliary to the Malahat Branch of the Canadian Legion held recently at Bamberton. Owing to weather conditions there was a very small attendance. Transfers of membership were arranged for Mrs. D. Alexander to a Victoria branch and for Mrs. J. B. Bell to Langford. It was decided to hold a W.A. birthday party next month in honor of the 12th birthday of the branch. Members were asked to save old Christmas cards to be sent through the W.A. to the British Legion. A donation was voted for comforts for veterans at the Tranquille Sanatorium. Refreshments were served by the Bamberton members.

Following a custom of several years' standing, the Shawnigan Lake Women's Institute was host to Institute members from Cobble Hill at the February meeting on Thursday, in honor of Founder's Day. Results of a recent Institute-sponsored essay and poster contest, in local schools, on Canadian Citizenship, were reported showing a gratifying response. Arrangements were made to sponsor a poster contest in the local school commemorating the 50th anniversary of the founding of Women's Institutes. Plans were also made for the attendance of members at the tea being arranged by the Victoria Women's Institute this month in honor of the anniversary. Members were asked to loan handicraft for an exhibit at the tea. Plans were concluded for a card party to be held at Shawnigan on February 14. Additional committee conveners were announced as follows: Entertainment, Mrs. A. Hallet; Solarium, Mrs. G. Orr. An invitation was extended by the Cobble Hill Institute for the local school to join their garden club. Details of the club were explained by Mrs. T. P. Barry. Following the business session, an hour of court whist was enjoyed. Tea was served by the directors of the Shawnigan Institute.

The St. Louis College Players presented two plays in the S.L.A.A. Hall, Shawnigan, recently. The youthful players, who won distinction for themselves in recent Victoria drama festivals, presented "Fantastic Light" and "Thank You, Doctor."

RED CROSS

A decision to disband the unit was made at the final annual meeting of the Shawnigan Lake Red Cross Unit held recently at the home of Mr. W. Maitland, president. Reports showed progress during the war years, and a commendable amount of sewing and knitting done since the war. Accounts showed that the Unit had collected close to $3,500 since November, 1939. Mrs. G. Orr was appointed to represent the unit at the annual meeting of the Cowichan Branch of the Red Cross.

Books and Authors

A native British Columbia daughter, Mrs. L. E. Schewell, is making a mark in literary circles in Great Britain and will be heard from in Canada later this year with publication of a novel set in Canada.

Mrs. Schewell, a great granddaughter of Sir James Douglas, is now working on her third novel at her home in North Devon. Her writings are published under her maiden name, Audrey Bushby.

A second novel, a saga of the Canadian Northland, is in the hands of her mother, Mrs. G. Bushby of Victoria, and will be turned over to a publisher after [illegible] completed.

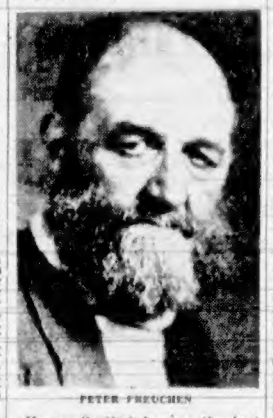

MRS. L. E. SCHEWELL

"Deep Shadows," the first novel by the West Coast woman, was published in England and is reviewed in this column today. It is currently being considered as the basis for a British film.

Her father died here in 1932. He was manager of the B.C. Marine Railways and active in the Burdick Salvage Company. A brother, John, is manager of the airport at Cali, Colombia. When Mrs. Bushby returned to Victoria three months ago she came by air from Santiago, visiting virtually every country on the long route.

Peter Freuchen, Danish explorer and writer, has rapidly become New York's most colorful figure—with his beard, turtle-neck sweaters, mariner's cap and peg-leg — since his arrival as correspondent for a Copenhagen newspaper. In New York he has written one book, "White Man," and has two more almost ready.

Born in Denmark in 1886, he joined his first expedition at 20, when the Danes sent a party to Greenland. He remained two years as a meteorologist. In 1910, he went to Northwest Greenland with the late Dr. Knud Rasmussen to found a trading station. Here he married an Eskimo girl and the couple had two children. In 1921, when his wife died of Spanish 'flu, he joined an expedition to Hudson Bay and Northern Baffinland, where he stayed until 1925. At that time he amputated his own toes after they were badly frozen but was sent home when he couldn't stop the spread of gangrene.

PETER FREUCHEN

He recalls that he was the best Eskimo-style traveler among white men, but his accident turned him to a successful career as a writer. He later returned to the Arctic for material and visited and became familiar with every land area around the Arctic Circle.

One novel was later made into a movie, "Eskimo," by M.-G.-M.

With the rise of Fascism in Germany, Freuchen quickly became one of the leaders in opposing Hitler. He shared the distinction with many other notable authors of having his books burned in Germany. After Germany was overrun, opposition of the fiery explorer marked him for death. But he escaped to Sweden and then freely delivered mail and passengers by boat to Denmark. He spent a period in concentration camp and made a startling escape before the Germans could claim his life.

In 1937, at the invitation of Russia, he visited the Russian Arctic [illegible] and returned to Denmark just before war broke out.

JOTTINGS—"The Egg and I," "Forever Amber," and "Remember Me," still stand as the top three books in popularity in the Victoria Public Library . . . As calmly as they included poetry and fables a few years ago for their juvenile readers, the editors of The Book of Knowledge have included sections on atomic power and modern aviation in their 1947 volumes . . . Cary Grant and Myrna Loy will star in a movie version of Eric Hodgins' hilarious new novel, "Mr. Blandings Builds His Dream House," a current Book-of-the-Month Club selection . . . The Duke of Windsor announced last week that he is planning to write his autobiography, but left the date an open question . . . "The Tin Flute," a novel by Gabrielle Roy, of St. Boniface, Man., is the May selection of the Literary Guild. . . . Written in French originally, Miss Roy's novel won the Governor-General's Award in 1945 as "Bonheur d'Occasion."

Current Reviews

"Deep Shadows," by Audrey Bushby; Quality Press Ltd. London. 8s 6d.

A sordid tale of adultery, murder and suicide against a rural English background, this novel winds up in the Biblical theme that to err is human, to forgive divine. Miss Bushby's bucolic melodrama suggests a little of Thomas Hardy (with the gloomy Devon farm background) and of Somerset Maugham (the characterization of the heroine).

Julia and Robert Golby have been married four years, and are in the midst of building up a successful farm in the hinterlands of Devon, when Julia is strangely drawn to Gispek Morris, a dirty unkempt handyman with an overpowering attraction.

Finally Julia tells all and, ordered out of home, she moves into the squalid cottage of the gypsy.

The novel itself has a strangely plot and is vividly realistic, but rather weak in characterization. Why a woman would leave her comfortable home for the dirt and squalor of an ignorant laborer can probably best be explained psychologically, and it is here that the success of the novel lies.—J.O'C.

"Season in the Sun and Other Pleasures," by Wolcott Gibbs; Random House of Canada Ltd., $3.25.

"The author of every collection such as this has been irritated and dismayed to find himself identified in the reviews as a member of something called 'The New Yorker School'," says Wolcott Gibbs in the introduction to his "Season in the Sun and Other Pleasures," a collection of his stories, parodies, anecdotes and reviews mostly reprinted from the New Yorker magazine.

Mr. Gibbs may be right in denying the existence of a "typical New Yorker writer." However, it seems the magazine has at least set up a typical New Yorker style, and, in its biting commentary on modern life, a new journalistic fashion. The magazine never offers its readers obvious and ponderous articles on politics, economics or art. But by the simple, subtle commentaries of its writers it lays bare the modern sophistries, pretended emotions and plain sinning of which we are all guilty, more pungently than any other publication today.

And many readers will believe that Mr. Gibbs, who is now the magazine's dramatic critic, admits just what he attempts to deny when he says in the introduction: "I was emancipated by a slick, fifteen-cent magazine. I am only what it made me, no better than my source."

This as it may be, "Season in the Sun" makes delightful satiric reading. In his parodies in particular the author excels in pointing the adult finger of derision at what he thinks are the childish literary antics of many modern writers. The smugness of the novelists who deal with sex as if they were the first to discover the great phenomenon are attacked in this manner with high good humor and devastating wit. Erich Remarque, Sinclair Lewis and J. P. Marquand are among Gibbs' victims. There is a parody on "Arch of Triumph" which makes one ashamed for having enjoyed the book so much. Among the other selections, perhaps the play reviews stand out as particularly well done. E.M.S.

John Macnaughton, Essays and Addresses, $2.50. The Publishers, Queen's University, Kingston.

This is a collection of the writings of a Scottish professor of Greek who came to Canada in 1889 and subsequently held chairs in the noted universities in the East—Queen's, McGill and the University of Toronto. He retired after 36 years of active teaching and died in 1943.

A classical scholar in the true Greek tradition, Professor Macnaughton was a man of profound religious beliefs, a lover of beauty and a fine literary mind.

The collection of his essays and addresses is divided into four sections — classic and theology, education, the Great War and other interests. In his writing, he shows a catholic interest in learning, and his wide choice of subject-matter reveals the breadth of mind of this great scholar.

He writes in a leisurely, flowing style which reflects his classical training to large degree, yet he had his hand on the pulse of contemporary life to keep his work from becoming stuffy. While some of his essays may be too academic for the ordinary reader, most of them are quite interesting. J.O'C.

Seeks to Identify Piece of Poetry Found in Writings

Going through a "commonplace book" of verse and philosophy his father kept, Hilary D. Young, 1722 Lee Avenue, Victoria, has come across an unidentified piece of poetry he is curious about.

"The verse was obviously written during a sojourn in a strange town, and appears to be a beautiful thought with which to start a day," Mr. Young states.

Mr. Young would like to know if anyone can recognize the poetry

Lord, ere I start upon another day,
I kneel to Thee and in these words I pray,
If I should fail that for which I strive,
Grant from that failure good I might derive.
But, whether my affairs go right or wrong,
Grant me, O Lord, the grit to carry on!"

"NERVES" She Called It

Losing interest—losing friends—she never went out any more—always too tired. "Nerves" she thought—but it was her kidneys—the filters of her blood—that needed attention. She used Dodd's Kidney Pills at once. The improved action of her kidneys helped to clear away blood impurities and excess acids. Fatigue, backache, headache, lack of energy disappeared. Dodd's Kidney Pills contain essential oils and medicinal ingredients that act directly upon the kidneys—and help restore their normal action. 144

New York Stocks

NEW YORK, Feb. 15 (AP).—Stocks today finished a downward week with the market virtually at a standstill and mild irregularity ruled.

Throughout the five-day stretch individual favorites were propped by pleasing dividends and earnings in addition to hopes for tax relief and the maintenance of business health. More than offsetting these bullish factors, however, was profit-taking on the lengthy upswing to peaks [illegible] that a sizable technical correction was in the cards. Strength of commodities was a bolstering influence.

Price variations were in minor fractions on the whole, during the short session and the ticker tape frequently idled. The direction was obscure at the close. Transfers of 440,000 shares were the smallest since January 25, which, in turn, were a low since January 4. They compared with 930,000 last Saturday. For the five sessions the aggregate was 5,317,460 shares against 7,908,233 in the preceding six-session week.

The Associated Press 60-stock composite was off .1 of a point at 68 and for the week showed a net decline of a full point. In the two previous weeks the upturn was 3.8 points. Of the day's 750 issues, narrowest since January 25, there were 295 gainers and 252 losers.

Chicago Grain

CHICAGO, Feb. 15 (AP).—Wheat soared for gains extending to more than five cents at times today in an active trade which saw previous short sellers rushing to cover their commitments.

March wheat ran up to a new 27-year peak. May and July wheat broke through resistance levels at new seasonal highs, which were the best prices in many years for these contracts.

Bullish enthusiasm extended to corn and oats, although these grains [illegible] cereal. New seasonal highs were established by July and September corn. Oats were at their best levels for the year.

Today's upturn in wheat was the largest recorded in the current advance, which started four weeks ago, and the largest since trading was resumed in wheat futures last year.

More Fruit on Hand

OTTAWA, Feb. 15 (CP).—Stocks of frozen fruit, fruits in preservatives in storage and factories on February 1 were slightly lower than a month ago, but substantially higher than on the same date last year.

Stocks totaled 28,639,250 pounds, a 23 per cent increase over February 1 last year, when the holdings were 23,259,704 pounds. Stocks of vegetables, frozen and in brine, amounted to 6,836,149 pounds, compared with 8,866,417 pounds on January 1, and 4,320,546 pounds on February 1, 1946.

Prices of Cattle Lower for Week

OTTAWA, Feb. 15 (CP).—Eastern cattle prices held strong, but Western prices relaxed under improved weather conditions, the Dominion Agriculture Department reported in its weekly livestock report.

Cattle prices moved up 25 to 50 cents at Toronto where weighty steers sold at $13-$15. Butcher steers moved up to $14.50. In Montreal, good steers sold between $13.50-$14, and cows, $10-$11.

Early sales of cattle in the West were on a strong basis, but as receipts continued to increase, price recessions became common, and Winnipeg moved down as much as 75 cents. Best steers at Winnipeg were $14.50 downward. Conditions were similar at other Western markets. Calgary finished weaker, with steers at $13-$13.75; Edmonton, $13-$13.50; Prince Albert, $14; Moose Jaw, $12.50; Saskatoon, $14, and Vancouver, $13-$13.35.

Dairy cattle exports to the United States for the week totaled 510 head against 697 in the corresponding week last year. This year's exports to date are 3,348, while in the same period last year shipments totaled 4,227.

The time used is Pacific Standard for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

To find the depth of water on the sill at the Esquimalt Drydock at any time, add 29.6 feet to the height of high water as above given.

Discontinue Dividend

MONTREAL, Feb. 15 (CP).—English Electric Company of Canada, Ltd., announced that due to difficult operating conditions in 1946, arising out of shortage of supplies and rising labor costs, the dividend on class "A" shares, usually declared at this time, will be omitted. The company has in the past paid 25 cents quarterly.

At a meeting of the board of directors of Powell River Co. Ltd., a dividend of 30 cents per share was declared payable on the issued ordinary capital stock of the company, in Canadian funds on March 15, to shareholders of record at the close of business February 22.

Little Stories for Bedtime

By THORNTON W. BURGESS

THE JOKER OF THE OLD ORCHARD

As Peter Rabbit sat blinking and staring at the sober-looking stranger, who was sitting where he had expected to see Glory the Cardinal, the stranger opened his mouth, and from it came Glory's own beautiful whistle. Then the stranger looked down at Peter and his eyes twinkled with mischief.

"Fooled you that time, didn't I, Peter?" he chuckled. "You thought you were going to see Glory the Cardinal, didn't you?"

Then without waiting for Peter to reply this sober-looking stranger gave a concert as no one else could give. From that wonderful throat poured out song after song and note after note of Peter's familiar friends of the Old Orchard, and the performance wound up with a lovely song which was all the stranger's own. Peter didn't have to ask who the singer was; it was Mocker the Mockingbird.

"Oh!" gasped Peter. "Oh, Mocker, how under the sun do you do it? I was sure it was Glory whom I heard whistling. Never again will I be able to believe my own ears."

Mocker chuckled. "You're not the only one I've fooled, Peter," said he. "I flatter myself that I can fool almost anybody if I set out to. It's lots of fun. I may not be much to look at, but when it comes to singing there's no one I envy."

"I think you are very nice looking indeed," replied Peter politely. "I've been finding out this morning that you can't tell much about folks just by their looks."

"And now you've learned that you can't always recognise folks by their voices, haven't you?" said Mocker.

"Yes," replied Peter. "Hereafter I shall never be sure about feathered folks unless I can both see and hear them. Somebody told me once that down in the south you are the best loved of all the birds. Is that so?"

"That's not for me to say," replied Mocker modestly, "but I can tell you this, Peter. They do think a lot of me down there, and it is all on account of my voice. I would rather have a beautiful voice than a fine coat."

Peter nodded as if he quite agreed, which, when you think of it, is rather funny, for Peter has neither a fine coat nor a fine voice. A glint of mischief sparkled in Mocker's eyes. "There's Mrs. Goldy the Oriole over there," said he. "Watch me fool her."

He began to call an exact imitation of Goldy's voice when he is

anxious about something. At once Mrs. Goldy came hurrying over to find out what the trouble was. When she discovered Mocker, she lost her temper and scolded him roundly. Mocker and Peter laughed, for they thought it was a good joke.

In today's deal South did pretty well merely by taking the contract away from the opponents, but he could have made a clean sweep.

West, dealer.

2 N.T.	Pass	3 ♥	3 ♠
4 ♥	4 ♠	Pass	Pass
Double	Pass	Pass	Pass

East-West sold out too cheaply. They should not have contracted for a slam, since it depended on better than normal breaks and guesses for queens, but five hearts would have been a sound contract.

Against four spades West laid down the club king, then shifted to the ace and six of trumps. Dummy's seven won and declarer ruffed a heart. He proceeded to cross-ruff clubs and hearts, so at the tenth trick dummy was down to one heart and three diamonds, while the South hand now consisted of one trump and three diamonds. It was scarcely to be hoped that the diamond finesse would hold, but with no other play available, South led to the queen. West won, and South still had a diamond loser.

The one-trick penalty South paid was not severe, especially considering what the opponents could have made in hearts, but the point is that South should have brought home the doubled contract. The winning line of play was well marked. It was correct for South to ruff two clubs in dummy and three hearts in his own hand, but then, when he led the club queen and West covered, why not give him the trick, discarding a diamond from dummy? On the bidding it was inconceivable that West could have another heart, so he would have to exit with a diamond right up to South's tenace. By surrendering a club needlessly, South would be saving two diamond tricks.

'The Razor's Edge' Opens at Royal

Heralded as the most important motion picture event in years, Darryl F. Zanuck's eagerly-awaited production of W. Somerset Maugham's "The Razor's Edge," comes to the screen of the Royal Theatre tomorrow, with a star-studded cast headed by Tyrone Power, Gene Tierney, John Payne, Anne Baxter, [illegible]

The moving tale of a veteran of the Great War who searched over half the world to find the secret of the worthwhile in life, is acclaimed as one of the most daring and tensely dramatic stories ever brought to screen life.

'Rhapsody in Blue' Story of Gershwin

Flown overseas to American soldiers far in advance of its domestic release, Warners' jubilant story of George Gershwin, "Rhapsody in Blue," will open tomorrow at the Rio Theatre. Starring screen newcomer Robert Alda as the gifted composer and Joan Leslie, Alexis Smith and Charles Coburn, "Rhapsody in Blue" is the moving story of Gershwin's turbulent rise to fame. Interwoven in the film are many of his songs, including "Rhapsody in Blue."

Directed by Irving Rapper, the picture was produced by Jesse L. Lasky.

Lower East Side Setting for Story

For, here, in "The Mighty McGurk," M-G-M's melodrama now showing at the Dominion Theatre, Wallace Beery wears an exact duplicate of [illegible] boxing championship belt. The valuable belt, which M-G-M prop men keep locked in a vault when not in use on a picture, has been worn in various films by Clark Gable, Primo Carnera, Robert Taylor and the present owner of the only real one—Joe Louis.

Setting of "The Mighty McGurk" is the colorful lower New York East Side of the 1900's. It is the background of lusty drama, two-fisted action and comedy.

True, Human Story Told at the Plaza

After ten months in preparation, "Mom and Dad" was released early in 194[illegible]. From its Hollywood preview right on across the nation it has blazed a trail of success—not only at theatre box offices, but with the public itself.

The story, as written by Mildred Horn, is so honestly so true to everyday life as we live it here in America today, it touches the heart of most everyone. Boasting no big headline names, but a large cast of all-stars handpicked from Hollywood and the New York stage, "Mom and Dad," opening tomorrow at the Plaza Theatre is vital, timely and very educational. It speaks out the truth and it pulls no punches while doing it.

Red Skelton Stars In Riotous Story

Throttling down his usual madcap antics to portray one of the most subtly humorous characterizations ever written, Red Skelton struts through "The Show-Off" in the title role as the bragging, bungling and egotistic Aubrey Piper, to turn in the top performance of his career. The M-G-M picture opens tomorrow at the Capitol Theatre.

Paired with the red-haired comic, as Amy, is comely Marilyn Maxwell, also returning to films after a sojourn on the New York stage.

The hand-picked supporting cast includes Marjorie Main, Virginia O'Brien and Eddie "Rochester" Anderson.

Amusements

ON THE SCREEN

Atlas—"Anna and the King of Siam," starring Irene Dunne and Rex Harrison.

Capitol—Red Skelton and Marilyn Maxwell in "The Show-Off."

Dominion—"The Mighty McGurk," starring Wallace Beery.

Oak Bay—"I Know Where I'm Going," with Wendy Hiller and Roger Livesey.

Plaza—"Mom and Dad," starring Jane Isbell.

Rio—Robert Alda and Joan Leslie in "Rhapsody in Blue."

Royal—"The Razor's Edge," starring Tyrone Power and Gene Tierney.

York—Gregory Peck and Ingrid Bergman in "Spellbound."

INDIA DISPLAYS GOODS

NEW DELHI (P)—To stimulate trade with Australia and adjacent countries, the Government has decided to participate in the British Empire Exhibition to be held in Sydney late in March. Indian exhibits will include textiles, potteries and leather goods.

Mystery Thriller By Ben Hecht

Alfred Hitchcock's "Spellbound," starring Ingrid Bergman, Academy Award winner and Gregory Peck, will open at the York Theatre tomorrow with a midnight showing tonight. It is a Selznick International picture. Adapted from the absorbing psychological thriller novel "The House of Dr. Edwardes," the film scores as a psychoanalytical mystery picture with a double dose of suspense. Ben Hecht, author of many outstanding novels and Broadway stage [illegible], adapted the book for the screen.

Authenticity Seen In Atlas Feature

For the first time in screen history, movie goers can see what a real harem looked like in 20th Century-Fox's picturization of Margaret Landon's biography, "Anna and the King of Siam," which opens tomorrow at the Atlas Theatre, starring Irene Dunne, Rex Harrison and Linda Darnell.

Director John Cromwell, who likes his realism, has decided that it is high time to drop the fantasy about scanty clad dancing girls and get down to the true facts. Said he: "the Turkish Arab and other harems have always been figments of imagination on the loose."

Red Cross Notes

A meeting of all the captains and many of the canvassers in the residential division, Red Cross Campaign will be held on Monday, February 24, in the lower reception room at the Y.M.C.A. for the purpose of consolidating plans for the coming campaign for funds, which opens on March 3, for the distribution of kits and for an address by the new chairman, Mr. Norman A. Yarrow. All captains are urgently requested to attend.

Courtenay Club Sponsors Contest

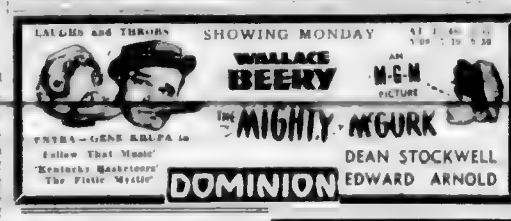

COURTENAY, Feb. 15—Second annual high school oratorial contest, sponsored by Courtenay Rotary Club, will be held here next month with representatives from Cumberland, Puntledge, Comox, Courtenay and Campbell River high schools competing.

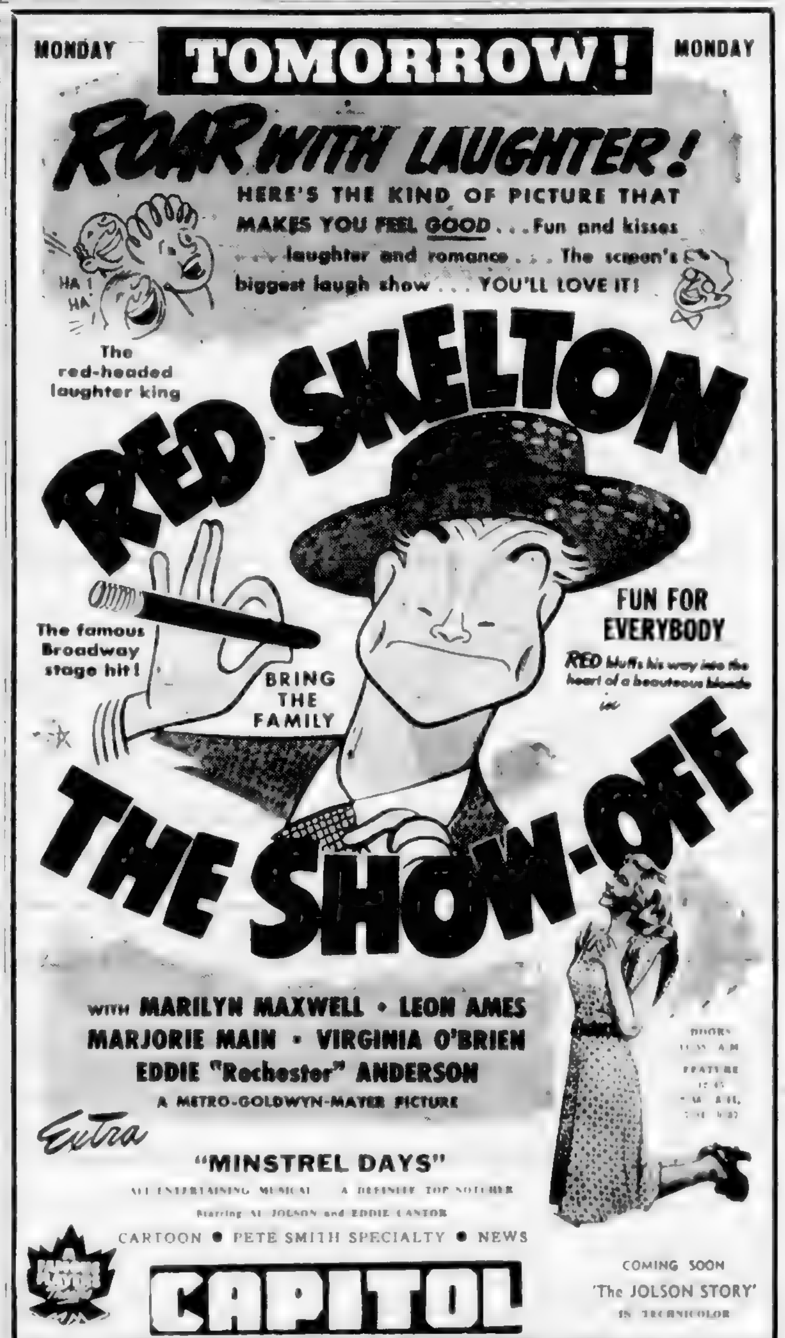

Eliminations will be held in each of the schools and finalists will be given ten minutes to speak on a topic of their own choosing. Winner last year was Jean Vaughan, of Cumberland High School.

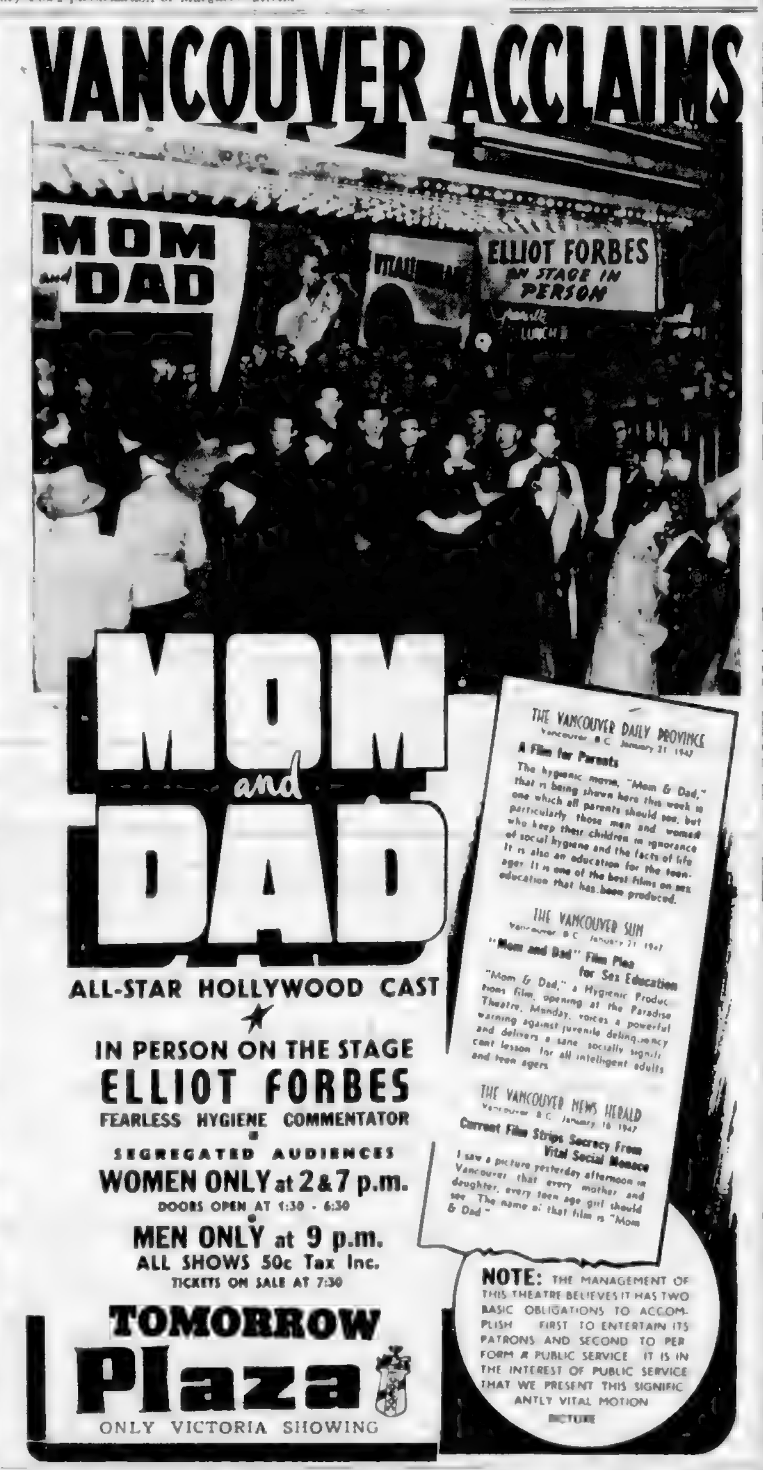

OTTAWA, Feb. 15 (CP)—Ingot makers' stocks of non-ferrous scrap metal on December 31 were 4 per cent [illegible] stood at 4,866,000 pounds [illegible] from 2,347,063 to 2,271,413 pounds.

Roman children of noble birth usually wore an amulet, called bulla, around the neck until they attained maturity.

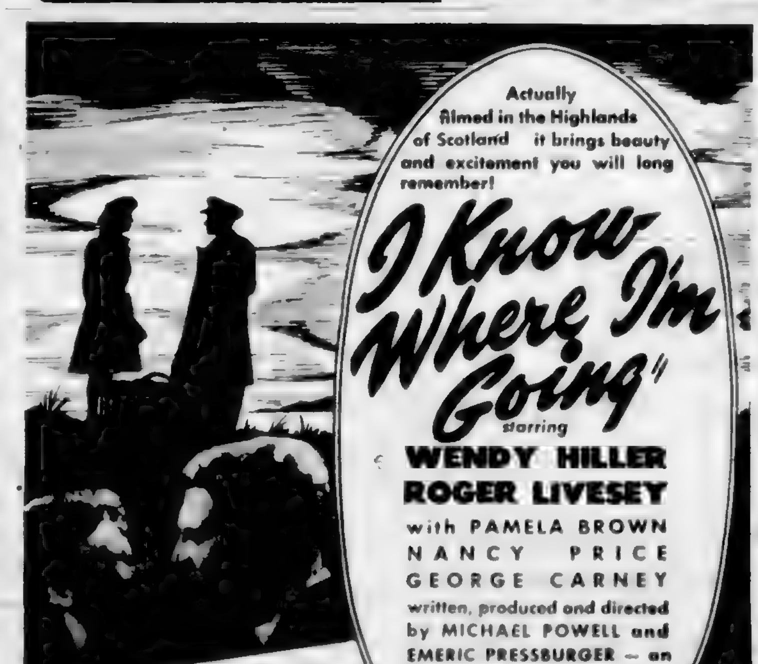

STARTING TOMORROW FOR 3 DAYS

Doctor Served Seven Years In Active Army

After an active army career of more than seven years Dr. Alan Fraser, well-known Victoria doctor, has returned to active practice in the city.

Dr. Fraser enlisted in the Royal Canadian Army Medical Corps in September, 1939, with the rank of major, and served as commanding officer of the Esquimalt Military Hospital during 1940 and 1941.

Promoted to the rank of lieutenant-colonel, he went overseas with the 18th Canadian General Hospital as chief surgeon in 1942.

After another promotion to full colonel, Dr. Fraser returned to Canada and mobilized No. 12 Canadian General Hospital, an installation of 1,200 beds. He took the unit overseas later.

This hospital operated in England until it was moved to the Continent after D-day. Colonel Fraser remained as command of the unit through Northwest Europe until the end of hostilities. In this post he was particularly active in the battle of the Scheldt Estuary and Walcheren Island.

On his return to Canada Colonel Fraser was appointed District Military Officer of M.D. No. 11 until his discharge. He was made an officer of the Order of the British Empire for his services during the war, and also holds the Efficiency decoration.

How It Started

By JEAN NEWTON

CALLING IT THE "ACHILLES TENDON"

"Everybody knows the story of the popular expression, 'to have an Achilles heel,' but will you please give the origin of 'Achilles tendon' for the muscle at the back of the leg?"

For those less well versed in anatomy than the reader who sent this inquiry, we should look into the function of the "Achilles tendon," which is to connect two muscles in the calf of the leg to the heel bone.

The tendon goes down the back of the leg. To the right and left of it in the calf are the muscles called the soleus and the gastrocnemius. The tendon is estimated to be strong enough to resist a force equal to a thousand pounds in weight, and yet it can be ruptured by a violent contraction of the muscles.

The name given this tendon is in allusion to the fabled death of Achilles, mythological hero of Homer's Iliad. The same incident gave us the metaphor, "Achilles Heel," for the one weakness or vulnerability which most endangers a person, as the vulnerability of Achilles' heel led to his undoing.

In its various poetic versions the myth remains substantially the same—Achilles' mother, seeking to render him immune to harm, dipped him in the river Styx. She held him by a heel, which was not immersed, and thus left a vulnerable spot. Later, an arrow struck him there and caused his death.

Wests-Legion Feud Breaks Out Again

Players Fight, Linesman Quits; Fans Indignant In Hectic Struggle—Greenshirts Score 3-1 Win

Driving home three goals in the second half without reply from the Canadian Legion soccer team, Victoria Wests took a hard-fought 3-1 decision from the blueshirts in a Victoria and Districts League contest at Royal Athletic Park on Saturday before [illegible] fans.

Wests opened fast and forced the play for the first five minutes. But Legion gradually took over and at the ten-minute mark were awarded a penalty when Bell pulled down Oliver in the penalty area. Payne gave Clarkson no chance on the shot. Play see-sawed back and forth, producing some neat football with honors about even. After [illegible] minutes of the first half Woodruff and Barnwell [illegible] in the Legion penalty area and Referee Obee awarded Wests a free kick. Joe Travis cut his shot a [illegible] and missed scoring by an eyelash. Half-time score was 1-0 for Legion.

The second stanza produced most of the fireworks of the game. The period was 20 minutes old when Scott cooly tapped in the equalizer from a goalmouth scramble. Legion pressed hard at this point and almost went ahead when Costain powered a long drive to the top corner, only to have Clarkson make a heads-up save. Ten minutes later came the play that broke the game wide-open.

Gent gathered a loose ball on the right wing and seemed to handle in bringing the sphere under control. Referee Obee, however, ignored the signals of Linesman Davies and permitted play to go on. Dallimore gathered in Gent's cross and rapped home the ball unopposed. Over the protests of Linesman Davies, who claimed that the ball was dead from the moment of handling, Referee Obee awarded the goal and lost control of the game. Davies walked off the field in disgust, and the game continued with only one linesman.

Shortly after Glen Robbins blocked Joe Travis roughly and both players were sent off, after Travis had thrown a few punches. The fight [illegible] Legion forced the play and Cliff Robbins came close with a [illegible] from Parker's cross. Gent put the Wests two up five minutes before time, taking Barnwell's cross and tricking two players before driving the ball past Dale.

The crowd surged onto the field at the final whistle and hurled invectives at Referee Obee, but tackled nothing else. For the next half hour the fans milled about under the stands, arguing indignantly and [illegible]. Obee did a fine job in the first half and had firm control of the game during that period. However, his work in the second period was open to criticism. Pop Huskins, sole remaining linesman, at one time disgustedly hurled his flag far onto the playing field when Obee ignored his signals.

Scots Capture Mainland Cup; Trim Reds, 4-1

VANCOUVER, Feb. 15 (CP).—St. Andrews won the Mainland Cup today when they downed the defending champions, North Shore, 4-1, before a crowd of more than 5,000, the largest to attend a game in recent years.

The contest, which had been postponed several times, was played under perfect conditions and produced typical cup-tie football with plenty of close checking.

Scots were full value for their win. They opened the scoring at the 15-minute mark through Frank Ambler, league's leading goal scorer, who took a perfect pass from Jackie Wheat. Dave Brown, on a pass from Ambler, gave them a 2-0 half-time lead.

Trev Harvey led a North Shore rally in the second half but Brown, on a solo effort, counted the prettiest goal of the day to put the Saints three up. Harvey reduced the margin, heading in a lob from Jimmy Spencer.

The Reds came back to the attack but Wes Henderson turned their hopes when he sent Ambler into the clear with a long pass and the centre forward made no mistake in notching his second goal.

Wheat was the standout player on the field. His passing was a treat and never once did he put a wrong foot to the ball. The defensive work of Nick Glover, at centre half, was also prominent in the Scots' triumph.

George Barnes, over from Victoria to handle the game, turned in a workmanlike job of refereeing although he incurred the ire of North Shore players twice for calling back goals on off-sides.

Grim Struggle for Ball in McKechnie Cup Game

—Colonist Photo.

PLAYERS of the Victoria and Vancouver Rep Rugby teams are seen striving to gain possession of the ball in yesterday's McKechnie Cup match at Macdonald Park which resulted in a 3-3 draw. The photo was taken during the last minute of play with Vancouver pressing near the Victoria line. Ritchie Williams, Victoria scrum half and a Vancouver forward are seen struggling for the ball. Captain Bill Gornall (10), Bill Van Druten (15) and Albie Williams (12) are other Victorians in the picture. Lieutenant-Governor C. A. Banks took the initial kick-off for this year's first cup game here.

Lions Upset Dope; Hold Tide to Draw

Victoria Fifteen Fails to Impress in First McKechnie Cup Out—Ragged Display Ends 3-3

Victoria's Crimson Tide English Rugby team and Vancouver Lions played to a 3-3 draw at Macdonald Park yesterday and by their display gave little indication thus far in the McKechnie Cup series that the defending champion Varsity team would lose possession of the prized mug.

Smarting under a 34-3 defeat handed them by the U.B.C. team in the first of the six-game cup series last week, Lions played an aggressive brand of ball and but for a muff of an easy penalty kick by Fullback Harry Winters in the second half would have won the match by a try and penalty goal to one penalty goal by Victoria Reps.

Victoria turned in a mediocre performance, especially in the first half when their vaunted three-line failed to get away from the onrushing wing forwards and backs of the visitors. The usually sure-handed Freddy Ranson, five-eighths, was particularly erratic in handling and passing with the result the speed of the Victoria backfield was wasted.

Two tremendous punts by Victoria Fullback Tom McKeachie brought the ball to the Vancouver line after Winters had just missed a penalty goal for Vancouver. But the Lions surged right back and the lunging Mitten took a pass from Blondheim to break through on the blind side for a try. The unlucky Winters hit the post on his convert attempt.

The Victoria [illegible] the [illegible] to [illegible] see-sawed back and forth during the remainder of the half with Kinder, Vancouver wing three, making a nice gain that came close to pay dirt. Jackie Gibb saved twice as the Lions roared toward the Victoria line.

Using a switched three-line which got away on a few beautiful runs Victoria finally gave a home crowd of 1,500 which turned out to view the match under sunny skies, something to cheer about in the second half. Gibb was awarded a free kick following obstruction by Vancouver and scored from in front of the posts within five minutes of the opening of the half to tie the game up.

It was shortly after that Winters made himself the goat by missing a penalty kick which again hit the post. Victoria then pulled off one of those back field runs which very nearly resulted in tries. McKeachie made several unsuccessful penalty kicks from well out as Victoria tried desperately for the win.

The Sports Roundup

From U.P. and A.P. Wire Reports

Ned Tarleton, 41-year-old British boxer who was to have fought **Willie Pep** last month for the world featherweight title, has hung up his gloves.

Southpaw Max Lanier, who jumped from St. Louis Cardinals to the Mexican League last year, is a holdout. He is reported to have received a contract for half of the $14,000 paid him by the **Pasquels** last season.

The Dominion boxing championships, to be held at Port Arthur next month, are expected to attract a large entry.

Jimmy Orlando, former Detroit Red Wings defenseman, has been signed by the Truro Bearcats. He had been playing with the Valleyfield Braves of the Q.S.H.L.

Babe Didrickson Zaharias added another golfing title to her long list by winning the Palm Beach tournament.

Fred Corcoran, who built the pro golf business to a $500,000 a year bonanza in the last ten years, has threatened to quit unless the golfers place him completely in charge of their affairs.

Hans Gerschwiler, Switzerland, won the men's world figure skating championship in Sweden yesterday but the Stockholm press criticized the referees for their decision, figuring that the title should have gone to **Ralph Button**, 17-year-old U.S. skater, whose performance was termed "something revolutionizing in the art of figure skating technically the most fantastic performance ever seen here."

Eddie Carnett, who managed the Vancouver Capilanos for a time last season, has signed with the Tulsa Oilers of the Texas League.

K.V.'s Bow Out of City Basketball Title Series

Emerging from the shadows of almost certain defeat, Canadian Legion erased a 10-point deficit in the last quarter to take a thrilling cage encounter from K.V.'s 54-52 at Victoria High School last night and win the senior "A" men's semi-final play-off in two straight games. Winners over the luckless K.V. quintette by a 53-52 count earlier, Legion will play Dominoes in the city title final.

Junior Fox canned a rebound five seconds from end of time to give Legion the hard-earned victory. Vic Dale, seconds earlier, had climaxed a great Legion rally with a long shot only to have Freddy Ranson tie it up with a marker from the foul strip as the crowd went wild with excitement.

It was K.V.'s game for the second and third quarters after Legion had taken a one-point advantage in the first period. Taking advantage of fast breaks and some uncanny shooting, losers went ahead 32-25 at the half and stretched their lead to 49-36 at the three-quarter mark but in the last quarter they threw the ball game away with an attack that fizzled into long off-balance shots.

Ranson and Angie Stewart, of losers, were high marksmen with 15 and 14 points, respectively.

Defeating Cowichan Lake 37-20, Victoria College won their two-game senior "C" series by a handy 30 points and earned the right to play Ladysmith in the next round of the Island playdowns.

Coming into the game with a 24-point lead from the first game Tillicums were easy victors over Langford-Colwood intermediate "B" cagers, winning 46-22 to take the series by 48 points. Tillicums will now play off with the Duncan winners.

Victoria Juvenile Icemen Eliminated

NANAIMO, Feb. 15 (CP).—Nanaimo Eagles today won the Vancouver Island juvenile hockey championship when they defeated Victoria, 5-1, to sweep the total-goal final by an aggregate 10-2 score. The Nanaimo sextette captured the opener here last night 5-1, and now qualify to meet a Mainland titlist in the Pacific Coast final.

Fair Sex Cagers Billed Tomorrow

Feminine hoopsters will hold the spotlight at the High School gym tomorrow evening with all three games of the triple bill devoted to the girls.

Eaglettes and Comets open a best-of-three series for the city intermediate "A" title in the feature at 9 p.m. Hudson's Bay tangle with Bob Whyte's Rookies in an exhibition game an hour earlier, and Hepcats and Hot Shots meet in the opener in the second game of their junior play-off set.

Commercial Golf Set for Rossland

The Commercial Men's Golf Association will hold their annual tournament in the Interior at the Rossland-Trail Golf Club June 14-16, inclusive. The tournaments, which are open events, have enjoyed great success and the same is predicted for this year. Some fine prizes will be presented to winning contestants.

Portland Defeats Hornets in Pro Basketball Tilt

PORTLAND, Ore., Feb. 15 (AP).—The Portland Eagles came from behind tonight to win 60-53, from the Vancouver Hornets Club in the Pacific Coast Pro Basketball League.

The Eagles trailed through the first half but tied twice in the third quarter, at 35 and 38, before breaking on two quick goals by Wintermute.

Mandic led the Portland scoring with 22 points. Chapman collected 18 and Baker 17 for the Canadians.

SPOKANE, Feb 15 (AP).—The Bellingham Firecrests came from behind to defeat the Spokane Trailblazers 59-56, in a Pacific Coast League professional basketball game tonight.

Bellingham led 17-7 after ten minutes but Ike Magruder and Johnny Johnson combined to put Spokane out in front by 21-20 at the half.

Gale Bishop, high scoring Bellingham forward who sat on the bench throughout the first half, tossed in 17 points in the final 20 minutes to lead the Firecrests to the victory.

Saanich High Schools Win Paddle Contests

Mount View and Mount Douglas High School tennis artists moved into a tie for leadership of the Inter-High Table Tennis League as a result of yesterday's play. Both squads have a win and a loss to their credit.

Last week Esquimalt High downed Oak Bay Greens 8-4 and Mount View made short work of Mount Douglas, 11-1. Yesterday, Mount Douglas climbed back aboard the win wagon at the expense of Oak Bay Greens by a 9-5 count, while Oak Bay Whites disposed of Vic High Blacks 10-2 and Vic High Golds humbled Mount View 9-3. Esquimalt, with a bye, had no chance to advance in the standings.

Ask Sport Groups To Meet Tuesday

Under the auspices of the Recreational Council of Greater Victoria, a meeting of all sports interests in the city to discuss co-ordinating the different sports organizations will be held at the Liberal committee rooms, Broughton and Government Streets, on Tuesday at 8 p.m. All coaches, team managers and referees are specially asked to be present, as well as other interested persons.

Athletics Sign Two Pitchers; Activity Noted

Further signs of approaching Spring are evident by the activity in the camp of the Victoria Athletics.

Business Manager Reg Patterson last night announced that the club had received the signed contracts of two hurlers from the New York Yankees and that six more players have been assigned by the parent organization. Their names will be released upon receipt of their contracts.

The two signed players are Leslie Palmer, southpaw from Milwaukee, Oregon, signed by Sylvester Johnson, and Albert Risso, righthander from San Francisco, signed by Joe Devine.

Patterson also announced that a modern press box, complete with telephone, will be installed on the roof of the grandstand in time for the Victoria opener.

Further word from the A's business manager revealed that the admission prices this season will remain the same as those in effect last year. The signed contract of relief hurler Joe Blankenship has also been received.

Oak Bay to Play Esquimalt Today

Esquimalt and Oak Bay soccer teams will see action against each other in a Victoria and District Football League match billed for Royal Athletic Park today at 2:30 p.m. The Oak Bay team is at present leading, tied for leadership in the second-half race with two victories after being the cellar dwellers in the first half.

Second M.L.A. Asks Licences Be Earmarked

Only by "ploughing back" revenues derived from British Columbia's sportsmen could the Government make any real progress in the conservation of the Province's fish and game, C. W. Morrow (Cln., North Okanagan) declared in the Legislature Friday.

Adding his voice to that of J. L. Webster (Cln., Rossland-Trail), who spoke on Wednesday, he warmly commended the Attorney-General on the work being done by the Game Commission throughout the province, but added that sportsmen generally had a grievance—and a real one.

"They don't mind paying for a licence," he said, "in fact they wouldn't mind paying more provided they could be assured that the licence fee could be earmarked in some way for the department. Why can't they?"

Possibly Finance Minister Herbert Anscomb did not like money being earmarked for a specific purpose, he remarked, but according to the Throne Speech that was to be done for roads.

"It is grossly inequitable to take these fees and throw them into the consolidated revenue fund and then hand out small crumbs to the Game Commission. Believe me, public opinion thinks strongly in this matter and I urge the Attorney-General to back up the demands of the sportsmen," Mr. Morrow concluded.

English Bowlers In Great Display

MELBOURNE, Feb. 15 (Reuters).—England held a 184 run margin over Victoria today with the first innings of their exhibition match completed.

England scored 355 runs in its first time at bat and Victoria could only manage 171 before being sent to the field again.

Godfrey Evans was the star of the tourists, accounting for the first four Victorian wickets with brilliant wicket-keeping.

England's last five wickets fell today for 89 runs but when Victoria went to bat, three top batsmen went out for 32 runs. Lindsay Hassett led the Australian batsmen with an 88 and was still undefeated at the close.

NEW WESTMINSTER, Feb. 15 (CP).—The New Westminster Cubs tonight won the Pacific Coast Junior Hockey League championship with a 7-3 win over the Vancouver White Spots.

Elmer Lach, injured Montreal Canadiens centre star, is out of danger but still not permitted to have visitors.

Donate Trophy to Perpetuate Memory of Fallen Teammates

A memorial trophy to be called the Elford-Bateman Memorial Trophy, in memory of two Victoria athletes who lost their lives during the war, has been presented to the Victoria and District Basketball League by 13 former chums and teammates. The trophy will be made a perpetual challenge cup in the intermediate "A" boys' division.

The two well-known and well-liked athletes who lost their lives were Bill (Red) Bateman, son of Mr. and Mrs. W. L. Bateman, 1915 Stanley Avenue, and Ernie F. Elford, son of Mr. and Mrs. W. R. Elford, 1456 Elford Street.

Well known as a Canadian Rugby player with Victoria High School Alumni and considered a fine broken-field runner, Red Bateman was born in Calgary, moving to Victoria in 1939 and joining the Canadian army the same year. He was lost in the sinking of the troop transport Sa. Narissa in the Atlantic in April, 1940.

Ernie Elford was prominent in a number of sports, particularly basketball and Canadian Rugby. After serving during the early part of the war with the Canadian army, he transferred to the R.C.A.F., graduating in 1942 as bomb-aimer. He was posted as missing on June 19, 1945, while on a special mission behind Japanese lines and his plane was later found to have crashed in Burma.

Donors of the trophy are Cec Clague, Don Smith, Duff McCaghey, Tom James, George Harknett, Byron Price, Bob Price, Wilf Price, Norm Wharf, Fred Acreman, Bob Webster, Dodo McKay and Bob Ostler.

Of sterling silver with a mahogany base, the valuable trophy is 24 inches high with a statuette representing winged victory set on top of a plain centre column.

It will be presented to the Eagles, city intermediate "A" champions, following their play-off tilt with Duncan at the High School on Wednesday evening.

MEMORIAL TROPHY

Victorian Crowned Golden Boy At Mainland Gloves Tourney

VANCOUVER, Feb. 15 (CP).—A straight-punching southpaw, Eddie Haddad, of Victoria, tonight was crowned 1947 golden boy of the Golden Gloves boxing tournament here.

Haddad who showed up as a star in the opening night Friday, didn't disappoint his followers tonight, the 135-pounder coming in fast to knock out G. Roberts, of Penticton, in the first round before a sell-out crowd. He also was awarded a special prize as winner of the lightweight division.

Eddie came here as a representative of the Royal Canadian Warrior, a trim little fighter from H.M.C.S. Warrior.

Other winners were:

90-Pound Division—Lou Murphy, Vancouver, defeated D. Broadbent, Vancouver, decision.

100-Pound Division—Hugh Jones, Vancouver, defeated C. Meikle, Vancouver, decision.

112-Pound Division—Vern Borkhart, Vancouver, knocked out Len Walters, Vancouver, third round.

118-Pound Division—Frank Almond, Vancouver, knocked out Bill Young, Vancouver, third round.

126-Pound Division—Ken McPhee, Vancouver, defeated A. Haddock, Vancouver, decision.

14[illegible]-Pound Division—[illegible] Vancouver, [illegible] third round.

160-Pound Division—[illegible] Creek, Vancouver, defeated J. Langston, Haney, decision.

175-Pound Division—B. Forsythe, Vancouver, knocked out W. Semik, first round.

200-Pound Division—J. James, Vancouver, knocked out N. Walters, second round.

Eric Jubb Sets Three New Records As Victoria 'Y' Wins Seattle Gala

SEATTLE, Feb. 15 (AP).—Five meet records fell today as Eric Jubb led the Victoria Y.M.C.A. team to a smashing triumph in the Pacific Northwest amateur boys' swimming and diving championships.

The winners scored 32 points, with Multnomah Athletic Club of Portland second at 25. Other scores were Aberdeen Junior Lyons, 14; Washington Athletic Club, 12; Victoria Amateur Swimming Club 12; Seattle Y.M.C.A., 7, and Stadium School, Tacoma, 7.

Jubb cruised to victories and new records in three events and added other points in two relay performances to walk off with the individual scoring honors with 20 5-8 points.

The Multnomah A.C. timed in 1:20 flat, cracked the medley relay record. Its free-style relay team also finished first but was disqualified because one man jumped the exchange, and first place went to the Victoria "Y."

The summary:

Medley relay—Won by M[illegible] A.C.; Victoria Y, second; Victoria A.S.C. [illegible]. Time 1:20 (former record 1:[illegible] set by [illegible] 1947).

50-yard free style—Won by [illegible] W.A.C.; Don [illegible]; [illegible] Don Holland, Aberdeen Junior Lyons, fourth. Time 0:34.

50-yard free style—Won by Eric Jubb, Victoria Y; Ernest Anthony, Seattle Y, second; Don Atchison, Multnomah, third; Ted Antonsen, Multnomah, fourth. Time 25.1 (former record 25.2 set by Bruce [illegible], Washington Athletic Club 1940).

100-yard free style—Won by Eric Jubb; Dick Bowden, second; Fyfe, third; Irwin, fourth. Time 57.8 (former record 58 flat, set by Mack Beckman, Seattle 1934).

100-yard backstroke—Won by Eric Jubb; Antonsen, second; Paul Belling, Stadium of Tacoma, third; Holland, fourth. Time 1:05.4 (former record 1:10.4 set by Gordon Sherwood, Seattle Y, 1940).

100-yard breaststroke—Won by [illegible]; Newton McPaul, second; Ralph Hunter, Aberdeen Junior Lyons, third; Ray Jubb, Victoria Y, fourth. Time 1:11 (former record 1:14.7 set by Bud Hill, Seattle Y, 1946).

200-yard free style relay—Won by Victoria Y (Bowden, Eaton, Morgan, E. Jubb); Victoria A.S.C., second; Aberdeen Junior Lyons 'A,' third; Aberdeen Junior Lyons 'B,' fourth. (Multnomah A.C. disqualified.) Time 1:[illegible].

New Cars, Added Interest Promise Big Race Season

The prospects for auto racing in 1947 present the best pre-race picture since Langford Speedway first opened, it was announced recently by Eric Foster, president of the British Columbia Automotive Sports Association.

Topping the list with something new is veteran Jack Smith, whose newest creation is built on a chassis of welded steel tubing and is a [illegible] set up with complete chain drive. Featuring independent wheel-suspension and an overhead mechanism of Smith's own design, the performance of this car will be closely watched by all racing fans.

Jimmy Laird, of Nanaimo, has a new car in the making, which although built on more conventional lines, is entirely new, from the pressed steel frame-rails to the same valve mechanism as the Smith entry. Both of these cars are built around a Model "A" Ford block. Jimmy is no beginner [illegible] many of his cars, built as far back as 1934, are still racing today, so his latest should be good.

That little dark-haired fellow who has probably been noticed for years [illegible] in the pits and helping the boys get the bug out of their [illegible] steeds is coming out this year with a brand new car of his own. The Johnny Dalby Special is now well on the way and looks all-race car, from the new midget style body design to the two-port Riley cylinder head that John imported to hang on his Model "B" Ford motor.

JACK SPALDING BUILDING NEW CAR AT VANCOUVER

"Uncle Bob" Wensley, the well-known crowd pleaser, needed something more reliable under his heavy foot so now it will be a five-main bearing Dodge "4" cylinder, with an American-built 16-valve cylinder head to help it along.

Eric Foster and Bill Tulford will each have cars featuring proven American equipment throughout. Cars 39 and 47 respectively, are the backbones of their two creations. Many fans will remember these two cars driven by Jack Spaulding and Zeke Zeigler in 1946.

Stewart Pringle, owner of the No. 1 car, has just imported a single overhead cam Hal motor. The Pringle entry will make a strong bid for the honors.

The Little Man With the Big Cigar, Jack Spaulding, is busy on a new car at Vancouver, and from the past performances he will have it over any car he has yet driven.

"Corkie" Thomas has his Lucky Lady all apart for an extensive overhaul, and with that little extra go he is expected to be one of the drivers to watch.

George Davies, with a little experience under his belt and plenty of enthusiasm, has purchased the fast No. 5 car that Digger Caldwell drove to the 1946 championship. Jack Norton will be the driver and [illegible] a little better luck he should go places.

Langford track has been purchased by Bruce Passmore, Victoria racing enthusiast and it is understood that a new grandstand will be built and the track resurfaced. One of the great improvements will be the electric eye which will be used in time trials instead of the old-fashioned flag method.

Matmen Please On Triple Bill

Rocky Brooks' professional groaners presented another crowd-pleasing show Saturday night before a good crowd at the Bay Street Armoury. The bouts ran the gamut of emotions, two being hero-villain couplets with a clean, fast match sandwiched between.

In the opener, Chief Littlewolf starred in the role of the heavy villain against handsome Juan Sepada. Both behemoths squirmed through 35 minutes of alternate comedy and tragedy before the Chief clamped on his Indian death lock specialty to take the first fall. The bout became a threesome at times as Referee Johnny Pears graced some of the entanglements with his presence. Sepada came back strongly to snare himself a fall twelve minutes later. The bout ended in a draw.

Ken Kenneth, New Zealand, and Cliff Thiede pleased the crowd with a refreshingly clean and fast encounter that saw the lad from down under apply a cradle for the first fall after 17 minutes. Thiede squared things up with a series of flying tackles and a press 12 minutes later only to have Kenneth clamp on a body scissors and a press to take the deciding fall.

Babe Smolinski was the bad boy of the final bout and had the crowd screaming for his ungentlemanly blood throughout. Fred Atkins, of Australia, was charming in the hero role. Smolinski took the first fall, but Atkins came back to boot the luckless Babe around the ring before diving on him to press the equalizing fall. The battered Babe was no match for the Aussie who quickly took the winner when Referee Pears stopped the bout after 30 seconds.

Continued Bad Weather Hits O.C. Soccer Again

LONDON, Feb. 15 (CP).—Britain's worst Winter in 50 years closed down on the football fields today, wiping out 21 English League soccer games and ten in Scotland for perhaps the biggest cancellation list in soccer history.

All the major football pools were canceled as ice and snow from Scotland to the Channel coast kept players off the field. Even where games were played the crowds were mostly small.

Most surprising result of the curtailed day's program was Southampton's 3-1 victory over third-place Newcastle United permitting Birmingham City to pull up into a tie for third place in the standing on the basis of a 2-0 win over Coventry. League-leading Manchester City and second-place Burnley both were idle.

Wolverhampton Wanderers, at the top of the First Division heap did not play but third-place Blackpool by defeating Preston North End 4-0, moved a notch ahead, one point behind the leaders.

Middlesbrough ended up in third place by beating Bolton Wanderers 3-1 while Stoke City moved into a tie for fourth with Preston by scoring a 5-1 win from Chelsea.

Chester moved into third place in the Third Division North by beating Crewe Alexandra 2-0, but otherwise the top places remained unchanged in the minor circuits.

Glasgow Rangers increased their leadership margin in Division "A" Scottish football with a 1-0 win over Morton. In the division's only other game Hamilton Academicals lost to Clyde 1-2.

Last night's scores: Toronto 4, Canadiens 4; Detroit 5, Chicago 1.

Games tonight: Canadiens at Boston, Toronto at Rangers, Detroit at Chicago.

TORONTO, Feb. 15 (CP).—Toronto Maple Leafs came from behind in the dying minutes tonight to earn a 4-4 tie with Montreal Canadiens and keep within striking distance of the National Hockey League leaders.

Maurice (Rocket) Richard unleashed all his explosive power tonight and fired three of the four Montreal goals to increase his lead as the league's top marksman. The other Montreal counter went to Richard's lineman Toe Blake, and it was the Rocket who set up the scoring play.

The tie left the Canadiens with an edge on meetings between the two clubs this season, with four wins and three ties in nine games.

Summary

First Period—1, Montreal, Blake (Richard) 14.21; 2, Toronto, Kennedy (Meeker, Smith) 16.02; 3, Toronto, Meeker (Kennedy) 18.42. Penalties: Thomson, Chamberlain, Bouchard, Barilko.

CALGARY, Feb. 15 (CP).—Western Canada fivepin bowling championship tournament will be staged in Calgary May 23 and 24 this year, it was learned here today.

Bowlers from all four western provinces are expected to compete in the event which will be staged under jurisdiction of the Western Canada Bowling Association of which Jim Rutherford, of Edmonton, is president. Mrs. A. McNab, of Edmonton, is secretary.

Toast and Tea

By J. V. McAREE

THE book-buying public would have a rude surprise if it knew how many of the books published under nationally known names were actually the work of other hands, says J. Donald Adams in The New York Times. Every school boy knows, or used to know, that Washington's Farewell Address was re-written by Alexander Hamilton and the tradition of speeches written for public men has come to have general acceptance partly because, in the case of Presidents at least, the existence of collaborators has become common knowledge. Even so many derive satisfaction from the fact that Lincoln and Woodrow Wilson wrote their own speeches, the outstanding present exception to the general practice being, of course, Winston Churchill.

5 IN MEMORIAM

CHANDLER—In loving memory of Ann Jane, dearly loved wife and mother, passed away February 16, 1939.

WAY—Also in memory of Marjory (Mrs.) Way, passed away August 18, 1943.

"Death may hide but not divide."

The depths of sorrow we cannot tell,
Of the loss of those we loved so well,
And while they sleep a peaceful sleep,
Their memory we shall always keep.

—From the Chandler family.

HOLMES—In loving memory of Lillian Ivy, who passed away February 16, 1945.

In our hearts your memory lingers,
Sweetly tender, fond and true;
There is not a day, dear mother,
That we do not think of you.

—Inserted by Dad, Dot, Bill, Louise and Larry.

HOLMES—In ever loving memory of my dear daughter, Mrs. Lillian Ivy Holmes, who passed away February 16, 1945.

"Love's greatest gift—remembrance."

—Inserted by Mrs. [illegible] and family.

5 IN MEMORIAM

McINTOSH—In loving memory of Victoria Maria McIntosh, who passed away February 16, 1942.

Time speeds on; four years have passed
Since death its gloom, its shadow cast
Within our home, where all seemed bright,
And took from us a shining light.

We miss that light and ever will;
Her vacant place there is none to fill.
Down here we mourn, but not in vain,
For up in Heaven we will meet again.

—Ever remembered by her husband, family and grandchildren.

HOW DO U DO AND WHAT IS YOUR name, oh, here it is. The card is quite plain. And what do YOU do, Mr. M. ... Humber. Oh, I sell stuff like sofas and slumber. "Yes." ... this Emcee said, and that reminds me of a story of a bed. Here the ... audience ... cheer ... I thot his joke rather weak. ... WHAT have U chosen up there on the board? O.K. ... here we go. I'd strike up a chord.

IN The Mosque, Style ... more streamlined wine. ... Chesterfield Suites just arriving ... are THEY Keen ...

"THAT'S IT." I heard a cheer and a roar, "now how's about trying for 4?" "Sure," I said and soon won $ then 16 handed me on a plate. Then the 64 it was easy as pie. I'd identified his idea of Old Saint milk Bay. "Now I'll tell U what we're gonna do. How's about shooting for one thirty-two? But you really don't have to think any more. U can quit now and take the $64." I'll string along. I'm crazy like a fox, start saying gimme another tune. "YOU'LL B SORRY." I distinctly heard and just for a moment I nearly demurred.

Wish I didn't have to put a plug in here. I lose my train of thot ... with it.

BUT had already started playing his accordion. It was a cinch and I was. ... The audience yelled and hollered for more as the Emcee said, "how about it ... $264?" ... "SURE." I said and give her a fling," and I quickly identified that oldie "Red Wing." Sweat was now pouring out of his brow, but he smilingly controlled himself somehow. "I'd better stop before it's too late, do U REALLY want ... all $528?"

My contract states that wherever I can break up the story I am to insert a coy little commercial so I better get it over with ... we have some twin walnut steel beds ... $12.50 each ... long time No C.

NO LONGER they shouted, "You'll B sorry," when, "I'll try," said your confident "Maurice." Then he played something he knew as a lad but one or two bars and the answer I had. NOW he was bothered, did runningly sweat, hoping from his sponsors this dough he could get. Ah, B a good fellow and take this dough," but the audience yelled, "NO" ... and NO! "Humph," he sed, "here we go again," and soon to me was very plain. The melody was hidden with a lot of tricks, but FLASH I'd over one thousand and 56.

WERE at that spot again ... would U like a floral turquoise Chesterfield Suite ... U W-O-U-L-D.

AND SO it went for into the nite, soon up to $50,000 I gave the green light. It was very quiet now, the audience hushed, the smarty Emcee all wilted and flushed. As he opened a wire his sponsors had sent listening in from his home called a pent. "Better take the 50 G's," he breathed to me, "see this wire says your gonna B stung like a B." I looked to the audience, but they didn't say boo, but I felt I could tell what they hoped I'd do.

ALL ONE COLOR ... no pattern ... this gold wine Rr. India rug ... gives U that silky feeling ... kept the price $211.

So I looked at the guy, his accordion tagged. "GO AHEAD," I sed, "I won't B gagged." This time I let him play, I then then beamed at the audience ... I KNEW IT—TOO. They were hysterical, running amucks, as I had calmly won 100,000 bucks. Again the poor guy read what was wired knowing full well, he was gonna B fired. Then looked at me with a sickly smirk, while the instrument sighed a feeble jerk. And so it went far into the nite at 4 A.M. he was a dreadful sight. It wasn't too bad when we were both at a million, but he just COULDN'T say ... "I've WON A TRILLION."

CAN U REMEMBER until Monday that we have a whole floor of the nicest davenports we have ever had??? TRY 'EM???

BUT SOMEHOW ... he DID manage to say, "Whatcha gonna do with all this hay?" I was just going to answer when a dirty trick fool ... I got slashed on the head with a wet towel. I blinked my eyes, as the Girl Friend sed, "C'mon, get up ... sure that bed. U've bin thrashing around, humming a tune ... C'mon ... get up ... it's nearly noon."

ABOUT SAVING MONEY
A LOT OF PEOPLE WILL BE MOVing around in Victoria during the next few months. Possibly more moving than has ever taken place before. Many folks are leaving our city, many others will move here. Lots of brand-new homes will be completed and the happy owners will move in leaving their present accommodation to be occupied by others who are at present, perhaps, living in makeshift homes. All this probable moving will be good for Victoria as a whole going a long way towards real "peacetime" housing. In the used furniture trade, moving on the scale we expect for 1947 means lots of buying and selling, and also trading because very often a bed or a suite, while suitable where it is now, is too large or too small for the new home. We feel that our store will be busier than ever this year because each and every day more people find it to be true that they can save many dollars on used furniture in good clean condition. If they deal at [illegible]

COWICHAN PROPERTIES

BUSINESS, INVESTMENT

We are offering for sale a house of eight rooms in the centre of Duncan. This is an ideal situation for a rooming or boarding house, as it is only a few minutes from the business section of town. It would be possible to convert it into an apartment house. Even with the passing of the present housing shortage you would be assured of constant demand due to strategic location. We will be pleased to give you full particulars and arrange an appointment. The price is right.

COUNTRY HOME

Six miles from Duncan. This home of nine rooms with 3½ acres of land is in a very secluded area yet close to main roads, church, school and stores. The rooms are large and well proportioned. There is a pleasant view of wooded hills and the house is in a position to take full advantage of the sun. Heating is by hot-air furnace, and the house is connected with electric and phone services. Price **$6000**

COWICHAN LAKE

In the village of Cowichan Lake, two lots, all cleared and planted in garden and orchard. The house of four rooms down and two unfinished rooms up is well built and in good repair. Accommodation comprises living-room, two bedrooms, modern kitchen and bathroom. Full cement basement and hot-air furnace. Located close to schools and stores. 30 day possession. Price **$4750**

SHORTENING!

Shortening, wool, soaps, automobiles and a host of other every-day articles have recently gone up in price. Now there is talk of raising the ceiling price of lumber, plumbing fixtures and other hard-to-get building materials. If this happens, of course the price of real estate will take a jump upwards. BUY NOW AND BEAT THE ANTICIPATED RISE IN HOME PRICES. From our always excellent selection of properties we believe the following to be our best buys in Victoria and suburban homes and gardens.

OAK BAY SOUTH
SPACIOUS AND MODERN

It's the home for the business or professional man and has just been put on the market. Handy to the golf links, good schools and shopping centre. COUNTRY ESTATE

$30,000—Architect designed and built by day labor in 1941. Simplicity, comfort and sturdiness with beauty are the outstanding features of this country home upon first sight. Further viewing reveals the detailed construction. A copper plate has been placed under every post where it rests on the concrete foundation, insuring freedom from dampness and rot. Copper piping starts at the hook-up on the road main, and continues through the entire house. Complete insulation.

All wood used is hand picked B.C. cedar. The exterior in cedar siding and the interior is entirely finished in cedar. The basement is on a ground level and contains a fruit storage room, office, furnace room with automatic coal stoker for hot-water heat, maid's quarters with bath. On the first floor is a large entrance hall with 2-piece washroom off it, and a small hall leading to dining-room and "farm kitchen." The living-room is a comfortable size, with brick fireplace and Cape Cod oven. The hearth is of brick and slate stone. The dining-room is suitable size for a family.

Although the kitchen is as modern as any town house with it's electrical conveniences, it will delight anyone who has a feeling of appreciation for the "old farm kitchen."

From the entrance hall a broad stairway leads to three roomy bedrooms. All bedrooms have ample cupboards as well as a long row of cedar traps. There is one bathroom and separate toilet off the hall and another bathroom off the master bedroom. Trunk room off the hall.

On the second floor is also a beautiful studio which can be reached from indoors or from the outside, as one wishes. All rooms face the sea.

With the property are a farm cottage, well-constructed barn, workshop, root house, other out-buildings, and a three-car garage. Twenty-five acres of land with 1,000 ft. of waterfrontage and vast views of the sea and mountains. All of this just 15 miles from the town.

The final feeling about this property is: This is B.C. personified, with native materials used throughout its construction.

ARTHUR E. HAYNES, LIMITED

VIEW ROYAL—Nice stucco bungalow on high location with fine view. Living-room with open fireplace, kitchen, breakfast nook; two bedrooms and Pembroke bathroom. By concealed stairs to two finished rooms in attic if required. Full concrete basement with furnace and garage. Chicken house, greenhouse. Nearly an acre of fully-developed and landscaped gardens with profusion of perennials, shrubs, etc, gives seclusion without isolation. The ideal home for garden lovers in this popular district. Close to transportation. Terms if required. Good value. Price $7500

BUY ACRES FOR THE PRICE OF A CITY LOT—Four and a half miles from the city centre there are 10 acres of fine agricultural land at present seeded in grass, and suitable for ... grown on the Island. A brand new four-strand wire fence has been recently erected right around the property. There is sufficient timber remaining to insure plenty of fuel for years to come. You will be close to a store, post office, transportation and school. The modest four-roomed cottage has been newly shingled and decorated and space for bathroom added. There is a good well available or city water can be easily installed and one pole only required for electricity. The chicken house has been newly shingled and renovated. There is a garage and small barn for two head, and a few fruit trees. This is a proposition for an ambitious couple looking to the future and security. If you are looking for a modern bungalow or just a place to camp, this will not interest you, so save your time and ours. If, however, you are genuinely interested in making something of this proposition the owner will co-operate by extending you the privilege of a reasonable cash payment and terms you can afford to meet. Belmont Unit In Good Shape

COLWOOD, Feb. 15.—At the annual meeting of Belmont Unit of the Canadian Red Cross Society held in Colwood Hall, Colwood branch named the following committee members: Lt.-Cmdr. R. F. Welland, G. H. Emery, J. W. Little, Lady Robinson, Mrs. B. W. Parker, Mrs. A. Forban-Calland and Mrs. J. McFarlane.

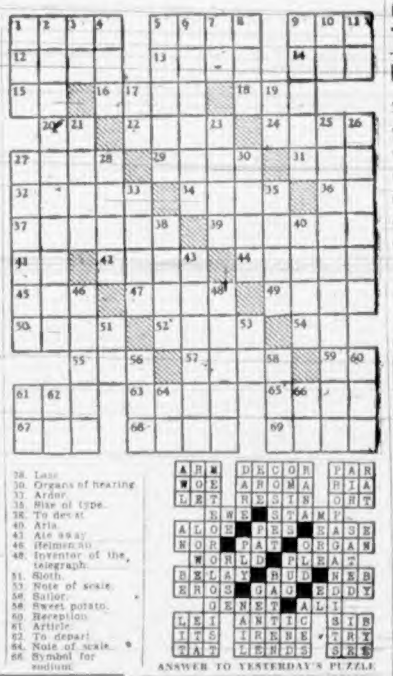

Luxton and Happy Valley will be represented by Mrs. C. D. Bodman, Mr. and Mrs. H. Langrish, Mrs. H. A. Baxter and Mrs. M. A. Morrow.

Langford committee members are Mr. and Mrs. D. B. F. Bullen, Mrs. R. A. Hincks and Mrs. Bedard.

G. A. Turner, past president, was heartily thanked by members for his Red Cross work. Lt.-Cmdr. Welland, on behalf of Capt. W. B. Creery, promised the unit co-operation in staging a garden party at the Royal Canadian Naval College during the Summer.

A report of W. E. Stephenson, treasurer, showed membership contributions, $486.50; contests, $48.53; Catholic Women's League, $3; Langford, Colwood, Happy Valley and Luxton, $40; Royal Roads garden fete, $273.30, a total of $845.17. Expenses were only $36. Mr. Stephenson noted that $792.07 had been donated to Victoria branch of the Canadian Red Cross Society.

ANSWER TO YESTERDAY'S PUZZLE

Hunters at Duncan Shoot 28 Cougars

DUNCAN, Feb. 15.—According to statistics issued by the Provincial Game Branch, bounties were collected in the district during the past 12 months on 28 cougars and two wolves. The game warden, Frank Weir, said his department estimates that one cougar will kill 200 deer in a year.

Will Proceed With Theatre At Parksville

PARKSVILLE, Feb. 15.—The go-ahead signal to start construction of a proposed new, long-awaited theatre here has been given to the building committee of the Mount Arrowsmith Branch of the Canadian Legion District 49.

Two lots opposite the post office form the chosen site of the building which is to be erected in sections as funds allow.

Proceeds from the present whist drive series are going into the building fund, as well as one-half of the proceeds from a repeat performance of the popular pantomine "Robinson Crusoe," at Errington on February 26.

That heatre project has been hanging fire for over a year. Shortages and the inability to deal with War Assets Corporation were factors holding up the scheme.

Books Donated To Sooke Schools

LANGFORD, Feb. 16. — P. Strachan, secretary, Sooke School District No. 62, reported that Mrs. Sidney G. Brown, Langford, has donated a number of interesting books and given a cash donation for bookshelves.

The school board hopes to make this the nucleus of a travelling library for the whole district. Mrs. Louis Fatt, of Jordan River, also has donated books which are at present in Milnes Landing High School.

Ladysmith Forms New Cancer Unit

LADYSMITH, Feb. 15.—A local branch of the Canadian Cancer Society was formed at a meeting in the high school auditorium, and the following officers were elected: Mrs. C. F. Armstrong, chairman; Miss Darling, secretary, and Mrs. H. Blair, treasurer.

Dr. F. M. Bryant, Victoria, outlined the causes and treatment of cancer.

R. C. Mills, Vancouver, dealt with history and work of the Canadian Cancer Society, and told how the public could be educated through radio programs, pamphlets and motion pictures.

A film entitled "Time Is Life," portraying cancer casualties, was shown at the meeting.

Pair Admit Shooting Baby Fur Seal

COURTENAY, Feb. 15.—Mystery of who shot the baby fur seal, which caused considerable speculation last month when the animal was found in a shoe box at Comox, was cleared up when Game Warden Rex Hayes reported those responsible had approached the Game Department and explained they had shot the animal thinking it was a hair seal.

The men, whose names were not divulged, shot the seal from a fishing boat in Johnstone Strait, the most northerly of here.

It was turned over to the department of zoology of the University of British Columbia.

To Open Business At Shawnigan

SHAWNIGAN LAKE, Feb. 15.—George Griffin, who has made his home at Shawnigan Lake since returning from service overseas, has built a bakeshop adjacent to his house, and intends to open for business some time this month. At first he will specialize in cakes, but will make some bread as well. A wood oven and an electric cake mixer have been installed in the shop, and deliveries will be made.

During the early part of the war, Mr. Griffin was in the 55th Battery, Coast Defence, and was later overseas with the 15th Field Regiment, R.C.A. While in England he married, and his wife and two small children are living with him at their home here.

Rockliffe Head Of Branch At Metchosin

METCHOSIN, Feb. 15.—A Duggan presided at a well attended meeting of war veterans recently in the Metchosin Hall where it was decided to form a Metchosin branch of the Canadian Legion and to apply for a charter to the provincial command.

Mr. Duggan was elected president and J. Rockliffe, Sr., was named secretary. Appointed to the temporary executive were L. Milligan, C. F. G. Lewis, E. C. Kendal, Don Weir, S. D. Runns and Sam Bennett.

Robert Knight, chairman of the district zone council of the legion, in a short address, explained aims, objects and activities of the Legion, and also the procedure followed in forming a new branch.

Future meetings will be held on the second Monday of each month and all ex-servicemen in the district will be welcomed. A women's auxiliary will be formed in the near future. More than 40 veterans attended the meeting as well as several visitors from the Prince Edward Branch No. 91.

Says All Cars Must Stop If Light Red

Chief J. A. McLellan yesterday issued a warning to motorists who are failing to stop at the red light before making right-hand turns.

"There seems to be some confusion in the mind of the motoring public in regard to the right-hand turn," said the chief. "All traffic must come to a stop at the red 'stop' signal, but having done so, motorists near the curb may make the right-hand turn without waiting for the green 'go' signal, provided they give pedestrians the right-of-way.

"The red 'stop' signal has only one meaning—you must stop. Having stopped, you then have the privilege of making the right-hand turn without waiting for the green 'go' signal.

"The three conditions attached to the right-hand turn are as follows: (1) Your car must be near the right-hand curb; (2) you must bring your car to a full stop at the red light; (3) you may then make the right-hand turn without waiting for the green light, provided you yield the right-of-way to pedestrians and vehicles lawfully within the intersection."

BABY'S HOT LITTLE HEAD MAY BE A DANGER SIGNAL

WHEN your Baby's head feels hot to your hand you must do something. And do it quickly. Read what another mother does and what results she gets: "My baby's cheeks and hands were so hot I was frightened. I gave him a Baby's Own Tablet at noon and by after supper he was all better."

And Mrs. Francis Carroll, of Midland, has this to say: "My little girl was so feverish I was really alarmed. Then I thought of Baby's Own Tablets, so I gave her three every two hours and by night she was up and around."

Baby's Own Tablets are sweet-tasting, easy to take—and may be quickly crushed to a powder if desired. They help reduce the simple fever common to trivial sicknesses of babyhood by clearing harmful wastes out of the system. If fever is not relieved promptly, consult your physician. No "sleepy" stuff — no dulling effect. Equally good for constipation, teething troubles, upset stomach and other minor ailments of baby. Used with confidence by mothers for over 60 years. Get a box today. Sickness so often strikes in the night. 25 cents. Money back if you are not satisfied.

Contrast in Weather—Only a Month Ago

—Colonist Photos.

It was only a month ago that Victorians were battling the elements as depicted in the lower photo. Temperatures dropped to 12 degrees. Office workers were forced to wait for buses thrown off schedule. There was a rush for car chains and anti-freeze. Then came rain and basements were flooded. People were convinced something had "happened" to Victoria's climate. But, as seen in the top picture, the exact scene of the lower photo, Old Sol reigns supreme again, and Victorians again can have pride in their weather—as long as it stays as it was yesterday.

Central Park Best Site Holds Building Inspector

Layout of offices and the outdated structure of the City Hall causes great inconvenience to the public and reduces the efficiency of the staff, J. W. Oosterick, city building inspector held yesterday in voicing whole-hearted support of the plan to build a new city hall.

The present building cannot be made efficient by remodeling, he declared.

Elderly people coming to the City Hall to transact business have on occasion been unable to reach second floor offices because of the steep stairs and lack of elevator service, he said. Several times he has had to go down to the first floor to transact business with persons who found themselves unable to negotiate the steep stairs, Mr. Oosterick said.

Regarding a site for a new city hall, Mr. Oosterick said he favored Central Park.

"This is a level piece of property and large enough for landscaping around the buildings, and would provide an excellent location for a civic centre," he said.

In choosing a location for the city hall, he said the possibility of future amalgamation with Saanich, Oak Bay and Esquimalt should be borne in mind. The Central Park site would be closer to these other municipalities and the people it may eventually have to serve, he said.

He said in his opinion the location at Central Park would be approximately in the centre of the city in 10 years' time.

Design of the new city hall should follow clean, modern lines, the building inspector said, and the building should be of concrete construction. Such a building would cost if the neighborhood of $350,000 to $400,000, he estimated.

Bridge Finals On March 5

Finals in the main and consolation competitions of the Junior Chamber of Commerce first annual bridge tournament will be held at the Dominion Hotel, March 5, it was announced yesterday by Norman Parkins, chairman of the committee in charge.

The tournament has now narrowed down to ten teams in both the main and consolation competitions.

This is the first program of its kind undertaken by the Junior Chamber of Commerce, and since its start several weeks ago, interest has been mounting steadily.

Ladysmith School Budget Approved

LADYSMITH, Feb. 15.—At a meeting of the Ladysmith city council, it was decided that school estimates for 1947 be adopted. Permission was granted to Ladysmith Junior-Senior High School to hold a tag day in aid of the China Relief Fund on Saturday.

A letter was received from the board of management of Vancouver Island Union Library stating the sum to be raised by Ladysmith for the library was $830. This is an increase of $80 over last year's figure of $870. The increase is due to the fact that the per capita levy has been raised from 40 to 50 cents.

By-Laws No. 275 and No. 276 were adopted. No. 275 extends the scope of an old by-law concerned with trade licences, and No. 276 is an annual loan by-law.

It was reported that 90 per cent of the outside fire protection fee amounting to $276, had been collected.

The police contract for Ladysmith was submitted to the council, the amount being $2,176.66.

A special meeting will be called in the near future, of all chairmen of the various committees to make up the estimates for the year.

Chemainus News

A card party augmenting P.-T.A. funds was held recently under the general convenorship of Mrs. L. Lloyd. Court whist and bridge were played. Following refreshments the funds were further augmented by an auction sale, conducted by Mr. D. Huntley, farm produce, cooking, fancywork, and artificial flowers finding keen bidding, and causing much merriment.

Chemainus Post President Club W.B.A. met Monday afternoon at the home of the president, Mrs. J. R. Robinson. The annual banquet will be held on March 14, when Review supreme officers will be invited to attend.
